

EVENTS PROGRAM
WITHIN THE BOUNDS OF INTERNATIONAL SPECIALIZED EXHIBITION
PLAST EXPO UA - 2020

November 24

Conference Hall №14, III pavilion, 2nd floor

14:00 **Round table discussion “Price Situation in the Base Polymer Market in Ukraine”**
Information and Analytical Agency “Chem-Courier”

PU FEST UKRAINE 2020
International Business Forum for Polyurethanes Industry Specialists

Reports on the open discussion area:

12:00 **OSV Group of Companies - 14 Years at the Polyurethanes Market**
Speaker: Mr. Yuriy Shafran, OSV Technology LLC.

12:20 **Polyurethane Technologies of Dow Company**
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd.

12:40 **Usage of Polyurethane Foam Components from Polyfoam, Ltd. Company with a Low Thermal Conductivity Coefficient on the Basis of the “Methylal” Foamer for the Production of Pre-Insulated Pipes**
Speaker: Mr. Eugen I. Tsirulnikov, Santechmontazh, Ltd.

14:00 **Polyurethane Foam DIY Kits PUREX BOX for Thermal Insulation**
Speaker: Ms. Marcin Gryka, Polychem-Systems

14:40 **Dow Elastomers and Protective Coatings**
Speaker: Mr. Roman Jaworski, Dow Poland, Warsaw

15:00 **OSV Polyurethane Systems**
Speaker: Ms. Yana Kornienko, OSV Technology, LLC

November 25

Conference Hall №15, III pavilion, 2nd floor

10:00-18:00

Eco-Marathon “Eco-Packaging: Business Opportunities”

- **Regulatory framework that governs the use of packaging materials from an environmental perspective. New rules for marking, certification, analysis of bills. Regulatory policy and certification of packaging manufacturers for biodegradation and composting. Relationship between the Laws of Ukraine and other Regulatory documents governing packaging and packaging marking**

Svitlana Kohan, Head of Sector of Research Department of Food Standardization, Institute of Standardization, State Enterprise "UkrNDNC"

- **Requirements of food manufacturers for packaging. What principles and requirements are at the heart of working with packaging manufacturers (especially for meat products)? Increasing the eco-friendliness of packaging: what is important when choosing new packaging solutions? The role of packaging in exporting products to countries where the requirements for food quality and safety are higher than in Ukraine**

Dmytro Ptashnik, Director of Logistics Department of PJSC Myronovsky Khiboproduct

- **Biopolymer films, packaging and packages are new eco-friendly packaging solutions. Can biopolymer replace environmentally harmful traditional petroleum-based plastics. Do biopolymers help reduce fossil fuel (oil) depletion and significantly reduce greenhouse gas emissions?**

Artem Demyanov, Director of Quality and Certification of PE Aventin

- **Implementation of basic programs for the production of packaging materials for packaging products: ISO 22000, FSSC 22000. Food and industrial products as a packaging object. Keeping food safe when interacting with packaging**

Sergiy Chorny, Consultant, international auditor of packaging materials safety management systems. International Auditor of ISO 22000 Management System, FSSC 22000, IFS Logistics, BRC Consumer Products, GMP + B1, ISO 9001

Reports on the open discussion area

- | | |
|--------------|---|
| 11:00 | OSV Dosing and Mixing Equipment
Speaker: Mr. Alexey Kuznetsov, OSV Technology, LLC |
| 11:20 | Polyurea-based protective coatings PUREX
Speaker: Ms. Marcin Gryka, Polychem Systems |
| 11:40 | Production and Processing of Dow PU Elastomers
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd. |
| 14:00 | Production of Pre-Insulated Polyurethane Pipes and Fittings for Heating Mains
Speaker: Mr. Eugen I. Tsirulnikov, Santechmontazh, Ltd. |
| 14:20 | Polyurethane Elastomers of Diprane Series
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd. |
| 14:40 | EKO S, SW, SN Polyurethane Adhesives for the Organization of Playgrounds and Sports Grounds
Speaker: Ms. Marcin Gryka, Polychem Systems |
| 15:00 | Polyurethane Auxiliary Products
Speaker: Mr. Robert Martyna, MB Market, Warsaw, Poland |
| 15:20 | Foaming Agent for Stiff PU Insulation Systems
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd. |
| 15:40 | The Future of Polyurethanes in Europe
Speaker: Ms. Birgit Harreither, Chief Editor of "Fachmagazin für die Polyurethanindustrie" (short: FAPU), Germany |

VISITING

Reports on the open discussion area Plast Expo Ua:

11:00-13:00

Open Discussion Platform "Circular Technologies in Polymers Processing Industry", "Upakovka" ("Packaging") Information and Analytical Centre

- **Polymeric Packaging: to Restrict or to Develop**

Speaker: Mr. Pavlo Zamotaev, Doctor of Chemistry, CHG Consulting

- **New Opportunities for Efficient and Environmentally Friendly Use of Polymers**

Speaker: Mr. Olexander Alexandrov, DOW Europe GmbH.

- **Mondi Flexible Packaging, Salvageable and Recyclable**

Speaker: Mr. Olexander Korolchuk, Mondi Bags Ukraine

- **Polymeric Beverage Bottles Bind Upon Circular Technology**

Speaker: Mr. Olexander Babaskin, Coca-Cola Beverages Ukrain

VISITING

13:30-15:00 **Open discussion platform:**

13:30 **Management and control of colour in production. Control of the physical properties of materials**

Speaker: Mr. Maxim Bukasov, colour monitoring expert of MacHOUSE company

14:00 **What Can We Know from the Chalk Additives?!**

Speaker: Mr. Serhiy Miroshnikov, leading technological specialist of MacHOUSE company

14:30 **3D Modelling of Plastic Injection Melding. Optimization of Casting Parameters**

Technoplice Engineering Company

Conference Hall №14, III pavilion, 2nd floor

09:00-18:00 **Practical Seminar “Improving Production Efficiency: Practice of Modernization, Introduction of Frugal Innovations, Theory of Inventive Problem Solving Application.”**
TechMediaGroup, LLC

Conference Hall №13, III pavilion, 2nd floor

09:00-18:00 **Forum “Labour Safety - 2020”**
Online Media Group, LLC.

****Visiting of all events is free of charge****
