

## EVENTS PROGRAM

WITHIN THE BOUNDS OF INTERNATIONAL SPECIALIZED EXHIBITIONS

### KYIV TECHNICAL FAIR

### PLAST EXPO UA

### ADDIT EXPO 3D

### COATING EXPO UA

November 24

#### Conference Hall №14, III pavilion, 2<sup>nd</sup> floor

- 12:00-14:00 Round table discussion “Ukrainian Varnish Market - 2020: New Challenges and Old Risks”**  
Information and Analytical Agency “Chem-Courier”
- 14:00-16:00 Round table discussion “Price Situation in the Base Polymer Market in Ukraine”**  
Information and Analytical Agency “Chem-Courier”

#### Conference Hall №13, III pavilion, 2<sup>nd</sup> floor

- 10:00-17:00 Scientific practical conference "Comprehensive Solution of the Problem of the Drinking Water Quality Improving, Wastewater Treatment and Sludge Treatment Through the Introduction of Effective Technologies Including the use of Reagents, Flocculants, Mineral Natural Sorbents and Physicochemical Methods" within the International Water Recourses Day**  
"Drinking Water of Ukraine" Association

#### **11:00-14:00 Reports on the open discussion area:**

- **Peculiarities of Modern Structural Steels Welding**  
Speaker: Mr. Olexiy A. Slyvynsky, Cand. Sc. Engineering, IWE; Welding Department of National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”
- **Preparation of Technical Staff for Welding Production: Status and Challenges**  
Speaker: Ms. Eugenia P. Chvertko, Cand. Sc. Engineering, IWE; Welding Department of National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”
- **Removal of Welding Aerosols as an Effective Way to Increase Productivity**  
Speaker: Mr. Eugen B. Yurlov, Director of Proftechsystem, Ltd., Dipl.-Ing., IWE.

## Eco-Marathon “Eco-Packaging: Business Opportunities”

- **Regulatory framework that governs the use of packaging materials from an environmental perspective. New rules for marking, certification, analysis of bills. Regulatory policy and certification of packaging manufacturers for biodegradation and composting. Relationship between the Laws of Ukraine and other Regulatory documents governing packaging and packaging marking**

Svitlana Kohan, Head of Sector of Research Department of Food Standardization, Institute of Standardization, State Enterprise "UkrNDNC"

- **Requirements of food manufacturers for packaging. What principles and requirements are at the heart of working with packaging manufacturers (especially for meat products)? Increasing the eco-friendliness of packaging: what is important when choosing new packaging solutions? The role of packaging in exporting products to countries where the requirements for food quality and safety are higher than in Ukraine**

Dmytro Ptashnik, Director of Logistics Department of PJSC Myronovsky Khiboproduct

- **Biopolymer films, packaging and packages are new eco-friendly packaging solutions. Can biopolymer replace environmentally harmful traditional petroleum-based plastics. Do biopolymers help reduce fossil fuel (oil) depletion and significantly reduce greenhouse gas emissions?**

Artem Demyanov, Director of Quality and Certification of PE Aventin

- **Implementation of basic programs for the production of packaging materials for packaging products: ISO 22000, FSSC 22000. Food and industrial products as a packaging object. Keeping food safe when interacting with packaging**

Sergiy Chorny, Consultant, international auditor of packaging materials safety management systems. International Auditor of ISO 22000 Management System, FSSC 22000, IFS Logistics, BRC Consumer Products, GMP + B1, ISO 9001

**PU FEST UKRAINE 2020**

**International Business Forum for Polyurethanes Industry Specialists**

### Reports on the open discussion area

11:00

## **OSV Dosing and Mixing Equipment**

Speaker: Mr. Alexey Kuznetsov, OSV Technology, LLC

- 11:20 Polyurea-based protective coatings PUREX**  
Speaker: Ms. Marcin Gryka, Polychem Systems
- 11:40 Production and Processing of Dow PU Elastomers**  
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd.
- 14:00 Production of Pre-Insulated Polyurethane Pipes and Fittings for Heating Mains**  
Speaker: Mr. Eugen I. Tsirulnikov, Santechmontazh, Ltd.
- 14:20 Polyurethane Elastomers of Diprane Series**  
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd.
- 14:40 EKO S, SW, SN Polyurethane Adhesives for the Organization of Playgrounds and Sports Grounds**  
Speaker: Ms. Marcin Gryka, Polychem Systems
- 15:00 Polyurethane Auxiliary Products**  
Speaker: Mr. Robert Martyna, MB Market, Warsaw, Poland
- 15:20 Foaming Agent for Stiff PU Insulation Systems**  
Speaker: Mr. Yuriy Musaev, Dow Isolan Ukraine, Ltd.
- 15:40 The Future of Polyurethanes in Europe**  
Speaker: Ms. Birgit Harreither, Chief Editor of "Fachmagazin für die Polyurethanindustrie" (short: FAPU), Germany

**November 26**

*Reports on the open discussion area Plast Expo Ua:*

**11:00-13:00**

**Platform "Circular Technologies in Polymers Processing Industry", "Upakovka" ("Packaging") Information and Analytical Centre**

- **Polymeric Packaging: to Restrict or to Develop**  
Speaker: Mr. Pavlo Zamotaev, Doctor of Chemistry, CHG Consulting
- **New Opportunities for Efficient and Environmentally Friendly Use of Polymers**  
Speaker: Mr. Olexander Alexandrov, DOW Europe GmbH.
- **Mondi Flexible Packaging, Salvageable and Recyclable**  
Speaker: Mr. Olexander Korolchuk, Mondi Bags Ukraine
- **Polymeric Beverage Bottles Bind Upon Circular Technology**  
Speaker: Mr. Olexander Babaskin, Coca-Cola Beverages Ukraine

[VISITING](#)

**13:30-15:00**    **Open discussion platform:**

**13:30**            **Management and control of colour in production. Control of the physical properties of materials**  
Speaker: Mr. Maxim Bukasov, colour monitoring expert of MacHOUSE company

**14:00**            **What Can We Know from the Chalk Additives?!**  
Speaker: Mr. Serhiy Miroshnikov, leading technological specialist of MacHOUSE company

**14:30**            **3D Modelling of Plastic Injection Melding. Optimization of Casting Parameters**  
Technopolice Engineering Company

**[Conference Hall №14, III pavilion, 2<sup>nd</sup> floor](#)**

**09:00-18:00**    **Practical Seminar “Improving Production Efficiency: Practice of Modernization, Introduction of Frugal Innovations, Theory of Inventive Problem Solving Application”**  
TechMediaGroup, LLC

**[Conference Hall №13, III pavilion, 2<sup>nd</sup> floor](#)**

**09:00-18:00**    **Forum “Labour Safety - 2020”**  
Online Media Group, LLC.

**November 27**

**[Conference Hall №14, III pavilion, 2<sup>nd</sup> floor](#)**

**10:00-17:00**    **VI Sectorial Forum “Gated Communities: the Territory of Service”**  
Capital Build Editorship
