---Your sincere partner and friend in China!

PREFERENTIAL PAYMENT TERMS!

Anshan Anza Electronic Power Co., Ltd has been engaged in international trade in China for more than 20 years. ANZA cooperates with more than 400 customers from Ukraine, Estonia, Hungary, Poland, Germany, Chile, Oman, Philippines, Thailand and so on. We could offer more favorable terms of payment due to the close cooperation with Chinese Banks. We have extensive contacts with manufacturers in the rubber and plastic industry, so we can supply you with products from different manufacturers and provide different brands and a variety of products according to your requirements. We can arrange multi model shipping and assist customs clearance.

We are willing to search different ways of cooperation with our partners!

Plastic and rubber machinery and equipment

Injection molding machine

Blow moulding machine

Printing machine

Extruder

www.3dmetaltech.com.ua

3D Metal Tech is a certified manufacturer of medical devices. We specialize in the design and production of custom medical devices made from titanium alloy and polymers for the needs of the Ukrainian market and for export.

We also provide serial 3D printing services and prototype manufacturing using FDM and SLS technologies.

3D PLAST LLC

1 Shliuzova Str., UA-07301 Vyshhorod, Kyiv reg., Ukraine

mob.: +38 099 438 89 96, 099 920 96 20

www.3dplast.ua

The 3Dplast company is one of the largest producers of filament (plastic) for 3D printing in Ukraine. The company has extensive experience in the production of PETG, PLA and ABS filament yarn since 2013. 3Dplast is actively bringing our Victory closer by closely cooperating with and helping such organizations as: «Winua» NGO (Winuahub), DrukArmy and other organizations that execute defense contracts of the Armed Forces.

3D TECH

UA-79059 Lviv, Ukraine

mob.: +38 066 519 04 80

tel.: +48 79 935 50 24

e-mail: top.one@addtive.com.ua

We make strong, detailed, and reliable parts using SLS 3D printing. We help innovators and manufacturers turn their ideas into reality with accuracy and speed.

Whether you need a prototype, small production, or large-scale manufacturing, SLS technology allows us to deliver fast, affordable, and high-quality results. We work with both simple and complex projects.

We also provide mass production services using thermoplastic injection molding. This method ensures high precision, durability, and cost-efficiency for large-scale manufacturing of parts. Whether you need prototypes or full-scale production, we offer end-to-end solutions.

e-mail: info@abplanalp.ua

www.abplanalp.ua

www.abplanalp.tools

Abplanalp was founded in 1975 in Switzerland. Nowadays this is a holding consisting of several companies that operate on the markets of the Eastern Europe and Middle Asia.

In Ukraine it is ABPLANALP UKRAINE. Our company is an official exclusive representative of the various Western manufacturers of metal processing machines. We operate on the Ukrainian market since 1991. In the course of our work we have gained much experience, arranged a united wellcoordinated team that aims to meet the customer's needs on the stage of delivery and service of metal-working machinery. Abplanalp Ukraine has representative offices in Kharkiv, Dnipro, Odesa, Lviv and Kropyvnytskyi.

Principal activities of ABPLANAP UKRAINE:

- Development and delivery of turnkey technologies;
- Technical and financial consulting;
- Delivery of machines and industrial technology lines;
- Supply of tools and machine-tool equipment;
- Installation and start-up of the supplied equipment and user training;
- Technical service and repairs of equipment during warranty and post-warranty period;
- Supplies of the spare parts, consumables from the warehouse in Kyiv;
- CNC machines operators training in cooperation with NTUU «KPI».

The operative Haas Technical Education Centers, which are equipped by the metal processing machines of the leading Western manufacturer, are based in National technical university of Ukraine «Kyiv politechnic

institute», Dnipro National Metallurgical Academy, Kharkiv National Automobile and Highway University, Kropyvnytskyi Machinebuilding college.

In the ABPLANALP UKRAINE technical centres we provide:

- technical open houses;
- customer's item workout;
- machines processing demonstration;
- machine operation training.

ABPLANALP UKRAINE represents such famous companies as:

- HAAS (USA) — vertical, horizontal, turret, 1-2 spindle CNC machining centers for 3-5 axis machining;
 - YAWEI (Japan, China) — electromechanical and hydraulic CNC coordinate punching presses, CNC sheet metal benders and guillotines, laser equipment for sheet metal processing;
 - JUARISTI (Spain) — milling and boring machines of large dimensions;
 - TORNOS (Switzerland) — Swiss-type lathes, multi-spindle and micro-milling machines and machining centers for complex parts;
 - STUDER (Switzerland) — development and production of precision cylindrical grinding machines;
 - VISION WIDE (Taiwan) — portable machining centers;
 - WEISSER (Germany) — precision lathes and turning centers;
 - YOU JI (Taiwan) — lathes and carousel machines;
 - GEMINIS (Spain) — heavy duty lathes;
 - IBARMIA (Spain) — 5-axis machining centers with a moving column;
 - FANUC (Japan) — wire-cutting EDM machines;
 - ACCUTEX (Taiwan) -wire-cutting EDM machines;
 - SAFANDARLEY (Netherlands) — electromechanical and hydraulic sheet bending presses with CNC, guillotines with CNC;
 - WATERJET CORPORATION (Italy) -waterjet cutting machines;
 - KYOCERA (Japan) — cutting tools, high-tech ceramics;
 - SARTORIUS (Germany) — machine tools, cutting and measuring tools;
 - VAN HOORN (Netherlands) — all-carbide milling cutters;
 - GERARDI (Italy) — clamping devices, multipliers, angle heads;
 - MATE (USA) — tools for coordinate punching presses;
 - WILA (Netherlands) — bending insWILA (the Netherlands) — bending tools for press brakes;
 - BLASER (Switzerland) — mineral lubricant oil (MLO) and accessory equipment for their preparation and control...
- ... and many other companies on our customers' demand.

ABRAMAT LLC

6 Hryhoriia Rudyka Str., UA-61070 Kharkiv, Ukraine

mob.: +38 050 325 06 27, 050 325 07 27

e-mail: abramat@ukr.net

www.abramat.com.ua

LLC «ABRAMAT» is a company — a manufacturer of flexible abrasive tools. We manufacture a wide range of names of grinding and polishing tools, and for the implementation of your most daring projects, we will be able to manufacture a grinding tool according to your specifications.

ADDITIVE LASER TECHNOLOGY

105 Nebesnoi Sotni Ave., UA-65104 Odesa, Ukraine

mob.: +38 098 720 61 27, 067 166 11 73

e-mail: info@alt-print.com

www.alt-print.com

Additive Laser Technology (ALT) is a manufacturer of metal 3D printers. The company integrates selective laser melting technology, an additive manufacturing method that uses high-precision laser to build three-dimensional physical objects by melting metal powders. ALT develops and manufactures as well bespoke turnkey solutions upon customer's request, creating unique complexes for 3D printing with a wide range of metal powders.

ADH MACHINE TOOL TM

162a/15 Kyivska Str., UA-21022 Vinnytsia, Ukraine

mob.: +38 097 084 66 31

e-mail: mail@adh.com.ua

www.adh.com.ua

«PROFESSIONAL TECHNOLOGIES GROUP» LLC is a team of highly qualified specialists who offer a full range of services and equipment for metalworking.

Our company is the official representative of the ADH MACHINE TOOL brand. It is proud of its wide range of equipment, which includes:

- Sheet metal bending machines: allow you to perform sheet metal bending of any complexity.
- Laser machines: highly efficient and reliable, they ensure the accuracy and quality of metal processing.
- Rollers, profile benders and pipe benders: for rolling and bending various profiles and pipes.
- Grinding machines: allow you to perform a wide range of metalworking works, including sharpening parts, manual grinding and roughing.

AGRICULTURAL BASE LEADER OF UKRAINE PORTAL

38 Pivnichna Str., UA-73000 Zymivnyk vill., Kherson dist.,

Kherson reg., Ukraine

mob.: +38 067 551 13 44, 067 551 12 27

e-mail: bazaagro@ukr.net

www.idcompass.com

Portal «Leader of Ukraine» / Database of agrarians of Ukraine www.idcompass.com — effective marketing communication between agrarians and companies of various fields. This is evidenced by our age — more than 25 years of successful work!

In Google, we are in the top three when searching for «Agricultural Database» etc. Each region has a representative who, for a month, works out one district of his oblast with «live» trips to the countryside.

We fruitfully cooperate with territorial communities, information about which can be found at the end of each district.

All this shows that we take our business seriously, value our reputation and are reliable partners!

See «Demo version» on the portal.

AGROLUX, MAGAZINE

44 Valentynivska Str., UA-61121 Kharkiv, Ukraine

e-mail: provse.kh.ua17@gmail.com

www.provse.kh.ua, www.agro.provse.kh.ua

Information and advertising, all-Ukrainian, international agricultural project — magazine «AgroLux», A4 format.

The publication offers reviews of the agricultural and agrarian industries of Ukraine, reports from events. Publications on two websites and social networks and Internet channels.

Distributed at specialized exhibitions, Field Days, seminars and conferences, forums, agribusiness. The electronic version of the magazine is sent to 25 thousand email addresses in Ukraine.

Mailing by subscription via Ukrposhta and Nova Poshta. Target audience: agricultural enterprises, elevators, farmers, agricultural departments, enterprises and firms working in the agribusiness sector in all regions of Ukraine.

AGROTECH MAGAZINE

26 Konstytutsii Sq., of. 307, UA-61003 Kharkiv, Ukraine

mob. +38 068 250 75 20, 066 550 94 01

e-mail: redacauto@gmail.com

www.agrotech.in.ua

AgroTech is your reliable partner in the world of agribusiness.

AgroTech is a magazine for specialists in the agroindustrial complex, the topic of which is the development and promotion of agricultural machinery and equipment in Ukraine.

Frequency of output — 1 time per month.

Format — A4.

Volume — 48 pages.

Circulation — 30,000 copies.

The audience is managers and specialists of enterprises of the agroindustrial complex, farms, agroenterprises.

AISS GROUP LLC

27 Pivnichne Shose Str., UA-69032 Zaporizhzhia, Ukraine

tel.: +38 061 228 00 44

mob.: +38 050 449 00 44

e-mail: info@wichlacz.ua

www.wichlacz.ua

We provide a variety of metalworking services: Laser cutting of sheet metal, laser cutting of pipes and bending of pipes, sheet metal bending, turning and milling work, robotic welding and manufacture of metal structures.

ALT UKRAINE LTD LLC

4a Petra Bolbochana Str., UA-01133 Kyiv, Ukraine

tel.: +38 044 492 72 70

www.alt.ua

LLC «ALT Ukraine LTD» is the official distributor of Thermo Fisher Scientific and Hitachi High-Tech Analytical Science in Ukraine. We are one of the leading suppliers of advanced laboratory solutions for various industries, including industrial enterprises.

Our product range includes:

- Elemental analysis equipment.
- Chromatographic analysis instruments.
- Thermogravimetric analyzers, Sample preparation systems, Spare parts and consumables.

With over 15 years of experience, we provide comprehensive customer support—from selecting the right solution to implementation and ongoing maintenance.

ALUFINISH UKRAINE LLC

42 Sakharova Str., UA-79013 Lviv, Ukraine

mob.: +38 050 370 33 73

e-mail: alufinish.ua@gmail.com

www.alufinish.com.ua

Alufinish Ukraine LLC. is your reliable partner in supplying and servicing equipment and chemical products for surface preparation and painting. Since 2002, we have been representing products from the world's leading manufacturers in the Ukrainian market.

- Alufinish (Germany) — Products for aluminum treatment and anodizing.
- High-quality powder coatings from renowned manufacturers.
- Industrial powder coating lines by Aabo-Ideal (Denmark).
- Automatic painting booths by Wagner (Germany).
- Suspension systems and masking solutions by HangOn.
- Robotization of production processes — robotic welding, palletizing.

AMB-TECHNOLOGY LLC

7 Manuilivskyi Ave., UA-49023 Dnipro, Ukraine

mob.: +38 067 635 79 20

e-mail: burhovichm@gmail.com

Supply of modern CNC metalworking equipment manufactured by leading companies from Europe and Asia.

CNC lathes manufactured by CMZ (Spain).

Milling machining centers manufactured by WELE (Taiwan).

Grinding machines manufactured by Ziersch (Germany) and others.

Providing service and technological support.

ANWIT PE

www.bdz.com.ua

PPCF «Bdzhilka» is a leader in molds production and turnkey equipment supply for molding plastic products in Ukraine. The company has been on the market for more than 25 years and offers comprehensive solutions for starting production from «one source».

The main company specialization is the molds manufacture in a closed cycle — from the product design development and analysis, the molds design in our own engineering and design department to the molds testing on our own automatic injection molding machines. The professional tool shop and highly qualified personnel are the driving force of the company's production.

We are the official representative and service center in Ukraine for all the equipment. The company offers:

- injection molding machines — Chen Hsong Machinery and Dongshin,
- chillers — industrial water coolers — NewCold,
- peripheral equipment — Shini,
- robots — CHUANY.

PPCF «Bdzhilka» provides high-quality service for all equipment, carries out customer personnel training, installation and start-up works, which highlights the company among competitors.

BONDIOLI & PAVESI UKRAINE LLC

134b Hrushevskoho Str., UA-47740 Velyki Birky vill., Ternopil dist., Ternopil reg., Ukraine

tel.: +38 0352 49 28 80, 49 29 14

e-mail: sales@bypy.com.ua

Bondioli & Pavesi Ukraine LLC was founded in 2005 and is a subsidiary of the BONDIOLI & PAVESI group. Since its foundation, the company has been working closely with manufacturers of agricultural, industrial and construction machinery, providing comprehensive technical and commercial support in the field of drive components and assemblies. Qualified personnel and a wide range of products available in stock are able to quickly satisfy the needs of demanding customers. The office of Bondioli & Pavesi Ukraine is located on a plot of over 10,000 m² in the urban-type settlement of Velyky Birky (10 km from Ternopil in the eastern direction) in a modern building with about 1000 m² of warehouse space and over 200 m² of office space. The warehouse premises are equipped with specialized equipment for repair and pre-sale preparation of mechanical and hydraulic components. This allows for maximum flexibility of supply, as well as the ability to make changes to components or the scheme according to the technical needs of customers.

The company's network of authorized partner service centers ensures the availability and accessibility of spare parts throughout Ukraine. Bondioli & PAVESI Ukraine Company represents world-famous products in Ukraine:

BONDIOLI & PAVESI — drive shafts.

BONDIOLI & PAVESI — gearboxes.

BIMA — multipliers.

DINOIL — hydraulic distributors].

HP HYDRAULIC — axial piston and gear pumps and motors.

FIRA — heat exchangers.

In addition to its own products, the company offers products from other leading companies, which complements the range and allows it to offer a full set of components.

The offered products include, among others:

ARAG — computers and components for agricultural sprayers.

ANNOVI REVERBERI — pumps for agricultural sprayers.

POLMAC — chemical mixers, multi-way valves, flow meters.

OGNIBENE — steering dosing pumps.

FIENI — fan units for garden sprayers.

BATTIONI PAGANI — vacuum pumps, compressors for sewage machines.

METALTECNICA — valves and components for sewage machines.

SALVARANI — electrical control systems for agricultural machines.

BRAGLIA — nozzles and components for garden sprayers.

SIMOL — jacks, semi-trailer support posts, support wheels.

HYPRO — centrifugal pumps for CAS, motor pumps.

NT — orbital hydraulic motors.

CHIP NEWS MAGAZINE

10 Vidradnyi Ave., UA-03061 Kyiv, Ukraine

telegram: t.me/chipnewsua

e-mail: info@chipnews.com.ua

www.chipnews.com.ua

CHIP NEWS is a scientific and technical magazine covering the electronics, electrical and automation industries. It publishes news, reviews and articles of a technical and advertising nature, covering all aspects of the production, supply and use of products related to these industries.

The magazine is intended for professional engineers of electronic and electrical equipment, automation systems; technologists; specialists in the supply of components for production; CEOs of manufacturers and distributors.

With the beginning of a large-scale invasion CHIP NEWS is delivered in electronic form. Since 2023 the magazine is distributed free of charge.

The 4th issue of the magazine for 2025 has already been published. There are 2 options for downloading the issue, which differ only in size (quality of individual raster images).

10 Mb — <https://drive.google.com/file/d/1B9bTlzeFdQrU7rIQyMrEPttoRWa7AGv8/view?usp=sharing>

40 Mb — <https://drive.google.com/file/d/1cMFNYZojyCtGOBGEkKxIb8H2GcVXImnh/view?usp=sharing>

All links to websites in advertisements and business cards are active. Links to article pages are also active on the Table of Contents and on the cover. When viewing the file on a computer, please use a two-page view with a separate display of the title page. This is a wish for a more «realistic» display of the journal.

Distribution of the magazine is strongly encouraged!!!

Read with benefit and pleasure!

F.Technology — a full range of metalworking equipment.

Hello everyone,

We are the team of specialists in metalworking equipment with more than 20 years of relevant experience. Out of the desire for development and having the opportunity to share the acquired knowledge, we created the company F.Technology.

Over the years of successful collaboration with various segments of the industrial market, we have identified the main points that influence the quality of customer service. Those unfortunately are most often forgotten in many companies as they are focusing on the most profitable contracts. F.Technology's team strives to be as client-oriented as possible and has built its work based on the following criteria:

- Economic benefit for customers. We optimized our costs as much as possible, so we can guarantee the best equipment pricing. We do not sell either cheap or expensive equipment, instead we supply an optimal solution for any client's specific task. The best advertising for us is our satisfied customers! Our image is completed orders! Our aspiration is to build long-term relationships with the clients.
- Full attention. Every customer and every delivery is important to us, there is no such thing as small orders.
- Efficiency and convenience. We are always in touch, so we will quickly process your order, arrange a meeting or conduct a technical audit of your production.
- Execution of specialized orders. We are not limited to our catalog and supply almost the entire range of equipment for metal processing.
- Reliability. We are responsible for warranty service, product quality and delivery times, cooperating only with trusted global manufacturers and partners. Therefore we can always guarantee the proper execution of the order. Our activity is confirmed by our providers' certificates.
- Creativity. We have an up-to-date approach to solving problems and therefore we are ready to implement the most adaptive and optimal solution.

Portal «Industrial Trading Platform of Ukraine».

Our motto «Everything for production» determines the direction of development of our information resource, which is created primarily to help those who develop and create various devices and mechanisms, their elements and components; supplies and implements equipment and tools in production, provides services to machine-building enterprises and, of course, to those who plan to purchase industrial goods.

We offer to your attention an updated version of our portal and hope that its more convenient interface, search capabilities, and the option to analyze the information received will be useful in your activities and increase its efficiency. And a large database of products and contacts developed over many years of activity allow us to have even closer ties with producers and consumers.

INFORMATION TECHNOLOGIES SAPR LLC

4a Akademika Krymskoho Str., UA-03142 Kyiv, Ukraine

tel.: +38 044 503 95 34

e-mail: info@itsapr.com

www.itsapr.com

Company «Information Technologies SAPR» is a supplier of CAD/CAM/CAE/PDM engineering software.

The company offers a wide range of CAD/ECAD/CAM/CAE solutions, including:

- SOLIDWORKS — a family of products that covers the entire spectrum of engineering tasks from design (SOLIDWORKS CAD) and engineering analysis (SOLIDWORKS Simulation) to product cost estimation (SOLIDWORKS Costs), collaborative project work and creation of an electronic design documentation archive (SOLIDWORKS PDM);
- SolidCAM — fully integrated with SOLIDWORKS and featuring patented iMachining technology CAM system;
- cncKad AutoNest, VITECH, INTECH-Rozkriy and others — for optimising sheet metal nesting;
- Carveco, DeskProto and other CAM systems for professionals such as designers, jewellers, sculptors, medical engineers, mould makers, woodworkers and toolmakers;
- DraftSight — for creating drawings and producing design documentation;
- KISSsoft — for designing, analysing and optimising machine parts and gearboxes;
- SolidSteel — for automating the design of steel structures in the SOLIDWORKS environment;
- QForm UK — for simulating metal forming processes;
- MAGMASOFT — for simulating metal casting processes;
- MindCAD 3D — for designing, developing and modelling footwear;
- QuickSurface and other tools — for 3D scanning and reverse engineering;
- additional engineering software tailored to meet specific customer needs.

The company also provides technical support, consulting services on software supply optimization, and customer staff training.

INKOS R&D COMPANY LTD

e-mail: sashkpi@gmail.com, info@integrator.kiev.ua,

v.artemiev@integrator.kiev.ua

Integrator+ LLC proposes comprehensive system solutions for logistics centers, warehouses, manufacturing facilities and storage facilities. We do not only sell, but proposes an optimal solution that is developed individually for your technological processes.

Our areas of expertise:

- INDEVA manipulators — intelligent devices for lifting and moving, No. 1 in the world among manipulators.
- Zallys electric machines offer a wide range of logistics solutions for several applications, the ideal choice for increasing productivity.
- Toppo pallet changers are suitable for all types of cargo and pallets, given that pallet changes can be made by tilting, turning, pushing or pushing the load.

At Integrator+ LLC, we like to do everything. It's in our blood. Even if the task seems impossible at first, we will always find a solution, new ideas or a different approach that opens up new opportunities.

INTER FORWARD LLC

**6 Lvivska bichna Str., UA-81130 Sokilnyky vill., Pustomytiv dist.,
Lviv reg., Ukraine**

mob.: +38 097 791 47 82, 066 968 89-91

e-mail: interforward@ukr.net, office.interforward@gmail.com

INTER FORWARD company supplies metalworking equipment of various types and modifications from the best world manufacturers.

We work according to the «business for business» scheme, and therefore we can offer unique conditions of cooperation for the Ukrainian market, namely the supply of equipment on a «turnkey» basis, which includes a comprehensive approach to solving the task, starting from the selection of equipment in accordance with the technical requirements, customer requirements and ending with delivery, customs clearance, installation and commissioning, drawing up a technological map for processing parts.

Our task is to make inexpensive but high-quality equipment available to Ukrainian manufacturers, to provide an opportunity to expand the range of products manufactured, to increase the competitiveness of Ukrainian goods in the world.

By contacting us, you will purchase a highly productive, precise and reliable metalworking machine with a quality guarantee and at the most favorable price.

www.intica-systems.com/en/home

InTiCa Systems supplies solutions individually tailored to technical and commercial requirements in the Mobility and Industry and Infrastructure sectors from a single source: from active customer management through development to production.

We are a leading technology provider in the development, manufacture and marketing of inductive components, passive analog circuit technology and mechatronic assemblies.

The quality and profitability of our products and services are at the heart of everything we do. With our qualified and experienced team, we shape perspectives and secure the future.

INTRAMOTION UKRAINE LLC

176 Bohdana Khmelnytskoho Str., UA-79024 Lviv, Ukraine

tel.: +38 032 253 51 53

e-mail: info@intramotion.ua

www.intramotion.ua

Intramotion Ukraine — Your Reliable Partner in the World of Automation. Welcome to Intramotion Ukraine — a company that turns innovation into reality. We are a system integrator and supplier of components for the automation of manufacturing and warehouse processes. Our mission is to provide your business with the most modern solutions that will contribute to increased efficiency and work optimization.

Our Advantages:

- **Maximum Flexibility:** Our products are versatile and can be implemented in various industries to enhance the productivity of production lines.
- **Quick Delivery:** Thanks to our modular system, our solutions allow for rapid configuration changes and can be the basis for projects of any complexity.
- **Price:** The modularity of our conveyor systems minimizes costs associated with configuration changes, allowing us to set an affordable price for our entire product range.
- **High Level of Reliability:** Our products are accompanied by technical documentation that confirms their high quality and reliability.

Our Partners:

- **FlexLink:** A Swedish company, a leader in conveyor systems and production automation.
- **SensoPart:** A German enterprise, specializes in the production of photoelectric sensors and image processing systems designed to automate manufacturing operations.
- **LMI Technologies:** A Canadian company specializing in the development of advanced 3D visualization technologies for the automation of production processes.

With Intramotion Ukraine, you get not just equipment, but a complete solution that includes design, development, manufacturing, and integration of automated systems tailored to your unique needs. Contact us today to find out how we can help your business reach new heights.

IRBIS TD, LTD

mob.: +38 050 499 95 55

e-mail: mail@irbis.ua

www.irbis.ua

«TD IRBIS» LTD — a reliable supplier of comprehensive technical solutions for the industry.

We offer certified components for production lines:

- Bearings from global brands: SKF, INA, Timken, NSK, FAG, as well as manufacturers from Asia and Eastern Europe.
- Drive belts: Contitech, Gates, Mitsuboshi.
- Lubrication systems: Lincoln.
- Filters and filtration systems.
- Gear motors: Tramec, Varvel.
- Conveyor belts: KALE, SIG.
- Industrial transmission components.
- Electric motors: WAT.
- Industrial chains: Renold, ST, HELVIC.

We guarantee high-quality products, efficient logistics, and technical support.

ISKROSTAN LLC

6 Zdolbunivska Str., UA-02081 Kyiv, Ukraine

mob.: +38 095 210 83 77, 097 412 80 01

e-mail: iskrostan@gmail.com

www.iskrostan.prom.ua

ISKROSTAN company is engaged in deliveries, service and warranty service of high-performance electrical discharge machines in Ukraine. Our company officially represents in Ukraine the equipment of one of the leading manufacturers of machines TM TOSUN, which manufactures equipment since 1998. Thanks to many years of experience and qualified engineers of the plant, today, the machines meet all modern requirements, both on the quality of the assembly and on the results of processing. Our company supplies all types of EDM equipment: wire-cutting EDM machines, EDM spark erosion machines, small hole drilling EDM machines (superdrills), as well as all necessary supplies parts. Our specialists will help you with the introduction of technology, selection and commissioning of equipment. We carry out electrical discharge machining of parts at our production site.

JASIC UKRAINE LLC

2 Poezii Str., of. 35, UA-08205 Irpin, Kyiv reg., Ukraine
73/1 Beresteiskyi Ave., UA-03062 Kyiv, Ukraine (retail store)
mob.: +38 067 634 53 49 (retail department)
e-mail: sales@jasic.ua
www.jasic.ua

JASIC UKRAINE LLC is the exclusive authorized representative of the JASIC trademark in Ukraine — a global manufacturer of welding equipment.

We offer equipment for the main types of welding, including:

- Manual Metal Arc (MMA) welding
- Tungsten Inert Gas (TIG) welding
- Metal Inert/Active Gas (MIG/MAG) welding

In addition to traditional welding equipment, we also supply laser welding systems and plasma cutting machines.

We offer the full range of JASIC equipment for sale.

Own service centre, warranty and post-warranty maintenance of equipment. We also repair welding equipment of other brands.

JASIC UKRAINE also offers all necessary accessories (torches and consumables), welding materials (copper-coated wire, flux-cored wire for MIG/MAG welding, covered electrodes, aluminum and stainless steel wire, tungsten electrodes), and personal protective equipment (welding helmets, protective gloves, and clothing).

Be ready to work with wholesale and retail customers.

Our retail store is located in Kyiv at 73/1 Beresteiskyi Avenue (near Nyvky metro station).

Welcome to our store, where you can get professional advice, view our products and choose the right product for yourself.

We can also demonstrate the equipment at a test site at the customer's request (please schedule in advance).

JINAN BODOR CNC MACHINE CO., LTD

162a/15 Kyivska Str., UA-21022 Vinnytsia, Ukraine

mob.: +38 098 230 47 17

e-mail: mail@bodor.com.ua, sales@bodor.ltd

www.bodor.com.ua, www.bodor.ltd

«PROFESSIONAL TECHNOLOGIES GROUP» LLC is a team of highly qualified specialists who offer a full range of services and equipment for metalworking.

The official partner of the Jinan Bodor CNC machine CO., LTD plant. Provides delivery of machines throughout Ukraine, guaranteeing their reliable and timely receipt. We adhere to the principle of customer care, so service issues are always a priority. The service department works throughout Ukraine, carrying out both on-site visits to the customer and remote diagnostics and repairs.

We carry out modernization of machines both in the warehouse and on the territory of operating plants in Ukraine. We can integrate sources, heads, high-power chillers or equipment from other manufacturers at the customer's request, ensuring full satisfaction of needs.

KARPENKO PHYSICO-MECHANICAL INSTITUTE OF THE NAS OF UKRAINE

5 Naukova Str., UA-79060 Lviv, Ukraine

tel.: +38 032 229 65 75

fax: +38 032 264 94 27

e-mail: pminasu@ipm.lviv.ua

www.ipm.lviv.ua

The Institute is the developer of advanced technologies in the field of physicochemical fracture mechanics and strength of materials, corrosion of metals and their protection, nondestructive testing and diagnostics of the properties of materials, environments and structures.

The competitive commercially attractive developments of the Institute are as follows:

- devices and equipment for a wide range of studies to identify the residual resource of objects of long-term operation using eddy-current, magnetic and ultrasonic flaw detection, acoustic emission monitoring, vibration monitoring;
- technologies and equipment to extend the machines operation life by applying corrosion and wear-resistant, gas-thermal, oxide-ceramic, diffusion, polymer coatings.

KOMKOR LLC

8a Myru Ave., of. 50-N, UA-68001 Chornomorsk, Odesa dist.,

Odesa reg., Ukraine

mob: +38 050 345 80 50

e-mail: plant-info@komkor.ua

www.komkor-tools.com

KOMKOR, LLC is a modern, dynamic company. specializing in the production of products according to customer's drawings. Production of stamping and clamping equipment, equipment for bending of pipes and sheet bending machines, metal-cutting tools, shafts, rollers, knives, as well as products and spare parts for the metallurgical, machine-building, mining, chemical, oil and gas industries.

KOMPONENT R LLC

www.komponentr.kyiv.ua

The element of success for your business — «Komponent R» LLC

Quality. Optimisation. Partnership.

Komponent R is your reliable technology partner in the processing of PVC and other polymers.

We combine advanced components and integrated solutions for consistent quality, production efficiency and cost optimisation.

What we offer:

- Stabilisers for rigid and soft PVC (Reagens).
- Flame retardant additives (Reaguard).
- Pigments, masterbatches (Farbenwerke).
- Equipment and spare parts for polymer processing.
- Screws and barrels.
- Technical support and recipe optimisation: development of customised solutions.
- Solutions for PVC and polyolefin recycling: stabilisation and recycling additives.
- Process engineering and consulting: production analysis, cost optimization.

mob.: +38 073 627 40 18

www.proftech.kse.ua

KSE ProfTech offers free vocational and technical training courses from the Kyiv School of Economics in high-demand fields: CNC machining, electrical installation, welding, lathe operations, and metal fitting. Over 50% of the practice-oriented training takes place at KSE's facilities and partner companies. Graduates receive a state-recognized certificate and guaranteed employment.

KVERB LLC

33/1 Vidrozhennia Str., UA-43024 Lutsk, Ukraine

mob.: +38 098 127 45 85

e-mail: info.kverb@gmail.com

www.kverb.uaprom.net, www.kverb.eu

KVERB — equipment that works for results.

KVERB is a Ukrainian company focused on engineering solutions for metalworking. We specialize in supplying high-quality European equipment: from basic welding systems to high-precision CNC machines. At MPF 2025 we will present two stands:

- New technologies that define trends in metal processing.
- Refurbished equipment that returns to work with new capacity.

This year's focus is on welding systems, band saws, pipe benders, rollers, grinding and milling solutions. All from manufacturers with whom KVERB has direct, long-term partnerships.

Our team is not just salespeople. We are engineers, consultants and service specialists who build trust through results. At the heart of everything is the customer's request, not just a product.

We work honestly. We work stably. We work for industry.

KVOTA PE

46 Podilska Str., UA-46006 Ternopil, Ukraine

tel.: +38 0352 43 49 25

mob.: +38 096 22 99 290

e-mail: kvotatr@gmail.com, office@kvota.te.ua

www.kvota.com.ua, www.kvota-oil.com.ua

The KVOTA company provides services in:

- moulds' design and manufacturing;
- distribution of standardized components for moulds and die sets;
- industrial design, 3D modeling
- metalworking: CNC machining, EDM services and micro-welding.
- small and big scale plastic parts production (from 1 thousand pcs/month to 500 thousand pcs/month)

KVOTA offers:

a) standard elements for moulds & die sets by PROPLASTICA (Poland), CUMSA (Spain), Project International (Italy), AHP Merkle (Germany):

- steel, aluminum plates and blocks for moulds and dies;
- ejectors, bushings, ball bearing cages, springs, spring etc.
- hydraulic cylinders for moulds,
- hydraulic demoulding elements;
- special non-standardized elements for moulds and die sets etc.

b) Hot runner systems and heating elements by: ELWIK (Poland), CZAKI Thermo-Product (Poland), WadimPlast (Poland), GC-heat (Germany) — heating plates; plugs, thermocouples, heating cartridges; temperature control; nozzles (nozzles, hot runner systems, coil heaters);

c) AMBERSIL Industrial lubricants by CRC Industries UK Ltd (Great Britain) — silicone based & non-silicone mould release agents, mould tools and mechanical parts cleaners, lubricants & corrosion protectors. Lubricants for the food industry equipment.

KYIV CRANE MACHINERY PLANT LLC

3a Sribnokilska Str., UA-02095 Kyiv, Ukraine

tel./fax: +38 044 494 00 64

e-mail: info@kzpto.com.ua

www.kzpto.com.ua

The company specializes in the production and sale of professional lifting equipment. It is the largest crane manufacturer in Eastern Europe and the leader in the production of cranes and crane components in Ukraine.

KYIV NATIONAL UNIVERSITY OF TECHNOLOGIES AND DESIGN DEPARTMENT OF CHEMICAL TECHNOLOGIES AND RESOURCE SAVING

The Lacover plant became one of the first to manufacture powder paint in Ukraine, equipped with equipment, control of paint production and high-tech equipment in the laboratory. We are proud that our company is included in the rating of reliable enterprises that effectively conduct foreign economic activities and strengthen the prestige of Ukraine in the world.

LASERMART.PRO

162a/15 Kyivska Str., UA-21022 Vinnytsia, Ukraine

mob.: +38 098 561 02 05

e-mail: mail@lasermart.pro

www.lasermart.pro

LaserMart.pro is a project of a company for collective delivery of laser equipment from China at manufacturer prices with professional service support. The goal of the project is not to make money on delivery, but to increase the number of machines in operation on the Ukrainian market. LaserMart.pro is a logistics low-cost company. In addition to inexpensive delivery of laser machines to Ukraine using the LaserMart project, you can order professional after-sales service for laser machines, both purchased and already used at your enterprise.

LaserMart.pro is a comprehensive supplier of solutions for working with laser processing of materials, will provide the entire list of technical works related to the installation and uninterrupted operation of laser machines for processing materials (metals and non-metals).

LIFTING EQUIPMENT. SPECIAL DEVICES, JOURNAL

12 Palubna Str., of. 115, UA-65049 Odesa, Ukraine

mob.: +38 067 484 23 55

e-mail: nandriyenko@ukr.net

www.pro-ptm.blogspot.com

The «LIFTING EQUIPMENT. SPECIAL DEVICES» journal is a monthly production-practical and scientific publication (A4 format, 28 pages). It is an independent professional magazine in Ukraine, tailored to the interests of companies operating in the market of lifting and transport equipment, construction and road machinery, special equipment, and elevators.

Published since April 2001, the journal is issued in Ukrainian.

Founder — Prof. Mykola Andriyenko.

Over the past 24 years, more than two and a half hundred issues have been published, featuring over 2,500 articles. The journal serves as a source of up-to-date information, valuable expertise, and expert opinions. Its subscribers and readers include specialists from metallurgical and engineering enterprises, cargo handling complexes, mechanization services, construction, assembly, repair, service, and expert organizations. Subscriptions are available exclusively through the editorial office. Any issue from the journal's 24-year archive can be purchased.

LOGICS 3D PRINT LLC

Institute conducts investigations in such scientific directions: geochemistry of processes of ore- and rock formation, exploration geochemistry and geochemistry of environment; regional and genetic mineralogy, physics of minerals, nanomineralogy; petrology of endogenous processes; geology, metallogeny and prediction of mineral deposits of Ukraine.

MACHENTECH LLC

3a Stepana Rudanskoho Str., of. 511, UA-04112 Kyiv, Ukraine

tel.: 0 800 40 77 88

e-mail: info@met.ua

web-site: www.met.ua

MACHENTECH has many years of experience in the field of high-tech equipment for metalworking and sheet metal processing. The company actively monitors new trends and innovations in this sector and provides professional consultations for their implementation.

One of the key aspects of MACHENTECH's activities is its comprehensive approach to the customers: supplying equipment, commissioning, personnel training, and service maintenance.

MACHENTECH is an official dealer of leading global manufacturers of metalworking equipment, including:

- Honing equipment: Sunnen (USA, Switzerland);
- Electrical discharge machining equipment: Mitsubishi Electric (Japan);
- CNC turning and milling centers: FFG DMC (South Korea), Akira Seiki (Taiwan), King Steel (China), APEC (Taiwan), INDEX TRAUB (Germany), Spinner (Germany), Belotti (Italy), Ventura Mecanics (Switzerland);
- Grinding machines and centers: PROTH, Palmary (Taiwan);
- Coordinate measuring centers: LK Metrology (United Kingdom);
- Grinding and deburring machines: NS Maquinas (Portugal);

In the field of sheet metal processing company is in cooperation with next leading manufacturers:

- Laser systems: Bodor Laser (China), Mitsubishi Laser (Japan);
- CNC sheet metal bending machines: CoastOne (Finland).

In addition to supplying equipment, we provide enterprises with tooling, tools and consumables for all types of metalworking machines. MACHENTECH LLC also provides post-warranty service, ensuring high productivity and durability of the equipment.

MACHOUSE LLC

48 Dehtiarivska Str., of. 209, UA-04112 Kyiv, Ukraine

tel.: + 38 044 461 91 75

e-mail: baidak@machouse.ua

www.machouse.ua

The Mac House company offers a full range of consumables for flexo and rotogravure printing on a variety of packaging materials, from film to corrugated cardboard, as well as musterbatches of dyes and modifying additives for the manufacture of plastic products.

MAGIC PRINTING HOUSE

2a Vasytkivska Str., of. 3, UA-03027 Novosilky vill., Chabanivska Territorial Community, Fastiv dist., Kyiv reg., Ukraine

Welcome to the Foundry Enterprise PJSC «METALYT»!

You are on your way to collaborating with a reliable supplier of high-quality cast iron products!

Why choose us?

- Automated Production:

Our modern automated equipment ensures speed, precision, and direct compliance with your requirements. This allows us to reduce costs and offer competitive prices without compromising on quality.

- Wide Range of Products:

Our cast iron products find applications in the following areas:

- Hydraulics;
 - Automotive;
 - Rail transport;
 - Agricultural machinery;
 - Construction industry;
 - Municipal needs.
- Flexibility in Orders:

With castings weighing from 1 to 55 kg, our range can meet the needs of both small and large orders.

- Individual Approach:

We are ready to collaborate on your unique projects, striving to fulfill all your wishes and requirements.

Act Now!

Experience the quality of our products by contacting us for a commercial proposal.

MICROL LLC

**5 Avtolyvmashivska Str., UA-76495 Khryplyn vill.,

Kyiv, Ukraine

mob.: +38 067 232 32 15

e-mail: upakjour@upakjour.com.ua

www.upakjour.com.ua, www.packinfo.com.ua

The first in Ukraine (since 1996) periodical professional magazine for manufacturers and consumers of packaging, packaging materials and equipment is produced by a team of experienced authors and editors. Magazine about key trends in the development of packaging markets, innovative materials, packaging, technologies and equipment development.

Mission — to provide indispensable intelligence on packaging innovation, to people looking to solve business problems through smarter packaging strategies. To make sense of the array of technologies and trade-offs.

Distribution — by subscription, targeted mailing, during exhibitions.

Annual events:

- conference Packaging Industry;
- all-Ukrainian competition Ukrainian Packing Star, Ukrainian Label, Packaging of the Future;
- conference of Young Scientists New Packaging Technologies;
- competition for students' scientific works Golden Chestnut.

B2B professional search portal www.packinfo.com.ua since 2014. With a quick and easy free search, a clear interface, you will get a list of companies and their coordinates to order the required packaging products: raw and packaging materials, packaging, equipment, various services.

Our specialists are always open to those who are concerned about the problems of development of the packaging industry of Ukraine.

Welcome.

PATON INTERNATIONAL LLC

66 Novopyrohivska Str., UA-03045 Kyiv, Ukraine

tel.: +380 44 259 40 00

e-mail: office@paton.ua

www.paton.ua

The company PATON INTERNATIONAL is the leading Ukrainian manufacturer of welding equipment and materials, and also occupies a leading position among manufacturers of this direction in the territory of Eastern European countries.

Today, thanks to its own R&D center and production facilities, the company manufactures more than 60 models of welding equipment, as well as a wide range of welding materials:

- inverters for manual arc welding (from 150A to 630A);
- semi-automatic welding machines (from 150A to 630A);
- argon arc inverters (from 200A to 350A);
- devices for air-plasma cutting (from 40 to 100A);
- multifunctional digital inverters (from 250A to 350A);
- welding electrodes;
- welding wire.

The PATON INTERNATIONAL company has its own design, technological and production base, which is equipped with high-quality equipment for the development, production and testing of new samples of welding equipment and materials, the analogues of which do not exist in Ukraine. Thanks to more than 66 years of experience in the market, a wide range and high quality of products, the PATON brand satisfies the needs of a wide range of consumers — from beginners to professional welders both in Ukraine and in more than 50 countries around the world.

www.pavalex.com.ua

Our specialization is providing a full range of engineering services (development and management of projects, preparation of technical documentation, design of non-standard equipment), implementation of complex equipment supply, installation supervision, commissioning and further project support.

We carry out a comprehensive selection of surface preparation and painting technology depending on the specific tasks set by the client, whether it is sheet metal, profile, casting, various metal structures, wagons and ships, cylinders, heat exchangers, etc.

Design and supply of surface preparation equipment (by jet method or immersion method in baths), shot blasting chambers and shot blasting installations (lines), equipment for liquid and powder painting (painting chambers, polymerization furnaces, etc.), ultra-high pressure water cleaning systems — this is far from a complete list of our offers.

PEWAG UKRAINE LLC

www.skladtex.com.ua

www.blickle.com.ua

The direction of our activity is production and sale of wheelbarrows, industrial wheels, storage containers, mobile ladders and other metal products. Since 2001, we have been the exclusive representative of Blicke (Germany) in Ukraine — the world's leading manufacturer of wheels and rollers, which products are known, appreciated and used by Ukrainian consumer constantly. The nomenclature amounts to 30 thousand wheel models, and satisfies the most demanding customers with their technical parameters, and the possibility of implementation in media at different temperatures, in aggressive and humid media.

For the Ukrainian market, we produce hand trucks of different purposes, which nomenclature numbers up to 200 types, with load-carrying capacity from 30 kg to 15 tons. We constantly improve our products, expand the nomenclature, and perform custom design.

We also offer for sale the foreign hydraulic carrying and lifting equipment: hydraulic trucks, stackers, and lifting tables.

Intensive development of large scale trade led us to manufacture products for supermarkets — we have mastered the manufacture of reticular mobile containers, mobile ladders for high-level shelves, special carts, stands, presentation tables etc.

Today, TH Skladska Tekhnika Ltd also offers industrial fastening accessories of Frigerio (Italy) and Ukrainian production for quick fixing of building and assembly constructions, for the manufacture of special assemblies, mechanisms and containers, including storage containers — boxes. It is the tension locks, handles, captive hinges, angles (bindings).

One of the new directions of the company activity is development and manufacture of bicycle parking facilities of various design, which are so topical now. We have our own warehouses with sufficient stocks of finished products; new orders are carried out in 2-3 weeks; we deliver the goods to all regions of Ukraine. For more details as for activities and products of TH Skladska Tekhnika Ltd, please, visit our showroom and our websites www.skladtex.com.ua, and www.blickle.com.ua.

Stankoplast LLC sells, produces and serves the equipment for plastic processing. In the range of offered equipment are injection molding machines and various kinds of auxiliary equipment for plastic processing: granulators, hopper dryers, autoloading, chillers and so on. The equipment is supplied from China, Europe and Turkey. Stankoplast LLC is an official representative of such famous brands as BOLE Machinery, Ding Yuan, OPKON, NovaTech etc. on the Ukraine's territory. Spare parts for injection molding machines and auxiliary equipment are also available to order: screws, material cylinders, hydraulic pumps, heaters and heat-exchangers, thermocouples and flowmeters, control systems etc. Among the company's activity there is also a manufacturing of household plastic products. Also, Stankoplast LLC accepts the orders to inject plastic products of a different purpose.

STANKOSERVIS-YUG LTD

2 Kyivske shose Str., UA-65031 Odesa, Ukraine

www.instankoservis.ua

InStankoService is a manufacturer company with twenty years of experience. Over the years, we have produced more than two thousand pieces of CNC equipment, which differs in its technical characteristics, size and performance. The high quality and reliability of CNC machines manufactured by InStankoService was appreciated not only in Ukraine, but also in different parts of the world: Moldova, Poland, Israel, Spain, Czech Republic, USA. To date, many manufacturing companies automate their processes using CNC milling and laser machines manufactured by InStankoService. High-quality production of CNC machines, continuous product improvement combined with extensive experience allows the company to remain one of the leaders among Ukrainian manufacturers of CNC equipment for many years.

LLC PTC «Status Plus» is a manufacturing and trading company specializing in the production of high-quality plastic products for various industrial sectors and household use. Operating in the market since 2024, the company has established itself as a reliable partner focused on quality, innovation, and a personalized approach to clients.

Key areas of activity of LLC PTC «Status Plus» include:

- Production of plastic containers, packaging, and household products;
- Injection molding of plastic parts based on custom drawings;
- Manufacturing of plastic components for industrial applications;
- Production of plastic cabinets.

Our enterprise is equipped with modern machinery and uses only certified raw materials, ensuring consistent product quality and compliance with the highest customer demands. We actively cooperate with partners in the food, agricultural, chemical, and other industries.

LLC PTC «Status Plus» stands for stability, flexibility, and reliability in the field of plastic product manufacturing.

STEELPLAST LLC

2/9 Avtobazivska Str., UA-36008 Poltava, Ukraine

mob.: +38 099 142 16 22

e-mail: steelplast.pl@gmail.com

Steelplast company is a manufacturing company which holds a leading position in metalworking and plastic molding segments.

For more than 10 years, we have been doing well at the domestic market, performing a full cycle of work from design and manufacture of molds to series production, developing our activities with both Ukrainian and foreign partners due to the use of a wide range of the latest technologies in production.

The high qualification of our specialists allows us to produce goods at a high technological and professional level. The quality of the products we manufacture is monitored constantly in the company.

Extensive experience, quick and effective solutions, the reputation of a reliable supplier are the company's brand identity!

STOROZHUK LLC

18 Budivelnykiv Lane, UA-02100 Kyiv, Ukraine

Tecsa Ltd. is a supplier of analytical, testing, and sample preparation equipment, standards, consumables, and vacuum conveyor filters. We also provide support and service.

What do we offer?

Solutions for elemental and structural analysis from Bruker AXS (Germany):

- Structural analysis using X-ray diffraction (XRD, X-ray diffractometers).
- Elemental analysis: X-ray fluorescence spectrometers (XRF), optical emission spectrometers (OES), combustion gas analyzers (CGA — analysis of C, S, O, N, H, and diffusible hydrogen).
- 3D X-ray microscopy (XRM).

Bruker AXS equipment is used worldwide in the mining, metallurgy, petrochemical, cement, and engineering industries, as well as in academic institutions.

Sample preparation equipment and consumables: Fluxana, Powteq, Chemplex.

Climatic test chambers: Cofomegra, Biuged, C&W.

Vacuum conveyor filters: Sefar.

mob.: +38 067 333 10 58, 050 852 30 29

e-mail: Kiev@triada-welding.com

The company was founded in 1992.

TRIADA-WELDING is an engineering company, a system integrator of robotic complexes. It specializes in providing engineering and technical services, developing technologies related to the development and establishment of various welding industries.

Main areas:

- engineering;
- welding process technologies;
- additive, 3D technologies;
- outsourcing;
- robotization of welding processes;
- supply of welding equipment and materials;
- production of welding protection systems;
- design and production of welding equipment and conductors;
- training and R&D.

33 years of production experience, high technical and high professional level of Triada-Welding specialists allow us to successfully solve tasks of any complexity in the field of design, engineering, development of welding technologies, integration and launch of robotic welding complexes.

The company is confident in the reliability and quality of the completed projects for robotic welding processes, and has received complete trust and mutual understanding from customers. Triada-Welding has implemented many projects in the field of high technologies and robotic welding production both in Ukraine and abroad.

All projects include creation technologies, design work, manufacturing, integration, programming, a full commissioning cycle, as well as training specialists in work management, and project support.

INTERNATIONAL INDUSTRIAL FORUM

INTERNATIONAL TRADE FAIRS

PLAST EXPO UA | ADDIT EXPO 3D

COMPANY MISSION:

We make the world more technological by creating smart production.

Studying the problems of welding production in industry, Triada-Welding has created its own production and technical center with a full diagnostic base for studying additive 3D printing technologies and conducts research in this direction.

Triada-Welding supplies welding equipment for: manual arc welding with a covered electrode; semi-automatic welding with a consumable electrode wire in a protective gas environment; argon-arc welding with a non-consumable electrode; automatic welding under a layer of flux; contact welding; plasma welding; laser welding; plasma cutting; and welding accessories from leading manufacturers in the world. Triada-Welding is the exclusive certified representative in Ukraine of the manufacturer Fronius (Austria) — the world leader in the development and production of welding equipment, intelligent welding systems; SBI (Austria) — a manufacturer of plasma welding equipment; and Abicor Binzel (Germany) — a world leader in the production of welding torches and robotic peripherals.

Triada-Welding is the first company in the world and the only one in Ukraine to have CFD certification — this is a systematic verification of the professional qualities and qualifications of employees, compliance with all international standards of its own technical center, which are necessary to present the most modern high-tech welding equipment, intelligent Fronius welding systems.

The engineering company Triada-Welding is a member of the Chamber of Commerce and Industry of Ukraine, a member of the Society of Welders of Ukraine, regularly participates in various technical exhibitions, conferences and seminars. It cooperates with the Department of Welding of the Zaporizhzhia Polytechnic National University, other higher and secondary specialized educational institutions, and holds scientific and technical conferences for students on the basis of its technical center.

The company is a member of the Zaporizhzhia IAM cluster (Engineering-Automation-Mechanical Engineering).

Triada-Welding is the official distributor of LINCOLN ELECTRIC TURKEY, which manufactures welding materials under the ASKAYNAK and LINCOLN ELECTRIC brands.

Welding materials have the following certificates:

- ABS (American Bureau of Shipping).
- BV (Bureau Veritas).

- DNV (Det Norske Veritas).
- GL (Germanischer Lloyd).
- Lloyds Register of Shipping.
- RINA (Registro Italiano Navale).
- RMRS (Russian Maritime Register of Shipping).
- TUV.
- Ukrsepro.
- others.

The product range of LINCOLN ELECTRIC and ASKAYNAK has a wide range and includes: coated welding electrodes, copper-plated welding wire, materials for repair and restoration work (Kobatek product line), materials for welding stainless steels, aluminum, cast iron, copper, etc. The Triada-Welding company is always ready for mutually beneficial cooperation in the field of welding.

Ukraine Construction — Your Reliable Partner in Reconstruction and Development!

The «Ukraine Construction» project (LLC «Ukraine Budivelna») is a diversified company operating in several key areas:

1. Advertising, Information Services & Digital Marketing

We provide advertising and informational services on our website and social media platforms, as well as comprehensive digital marketing solutions. Our project is evolving into a media resource covering crucial aspects of Ukraine's and the global construction industry. We are continuously expanding our website content and social media presence. Our team of marketing professionals, responsible for promoting the entire project, also offers expert digital marketing services to companies in the construction and related industries. Today, we provide a full range of marketing services to developers, architects, renovation firms, building material manufacturers and suppliers, equipment and machinery providers, energy companies, and more.

Our digital marketing specialists will develop and implement a tailored strategy for your business, leveraging the latest trends in marketing and analytics, backed by cutting-edge knowledge, skills, tools, and proven case studies. We also assist companies in building effective marketing and sales departments.

2. Construction & Renovation Services

Under this division, we offer construction and renovation services. Our team consists of specialists across various construction trades, ready to provide a customized proposal based on your request. Once a contract is signed, we will assemble a dedicated team to optimize costs, ensure high-quality work, and meet deadlines.

If needed, we can develop architectural or design plans, select the best (or most cost-effective) building and finishing materials, and assist with

land allocation issues. Then, we will bring your project to life on schedule. Ukraine Construction provides a wide range of services—from small apartment renovations to private home construction, small architectural forms (SAFs), and industrial or commercial complexes.

3. Sales of Building & Related Materials

We are currently structuring this department and developing online resources. In this segment, we operate as an e-commerce platform and specialized marketplaces on social media.

4. Financial & Investment Consulting

As part of this service, we offer financial and investment consulting to both established companies and startups. We prepare internationally compliant business plans with modern financial models, develop advanced digital marketing strategies, and train clients in financial calculations. After the preparatory phase, we guide clients on where to seek funding for their existing or future business.

e-mail: Vitaliy_vashchenko@ mv-tools.com.ua

www.mv-tools.com.ua

MV-TOOLS offers metal joining technologies from world leaders:

- riveting technology GOEBEL GmbH, GESIPA, TITGEMEYER/RIVETEK — Germany;
- clinch connection BTM — USA;
- resistance welding P.E.I.-POINT — Italy;
- machines for the ventilation industry SPIRO SA-Switzerland, NOSSTEC — Sweden, SCHECHTL — Germany;
- presses, hole punches, stamps TAMA — Denmark, RUKO — Germany;
- thermal drills TERMDRILL — Germany;
- scissors, taps, drill bits.

VECTOR SERVICE LLC

5 Karpatska Str., UA-53304 Pokrov, Dnipropetrovsk reg., Ukraine

tel.: +38 093 313 92 00

e-mail: info@vsprom.com

www.vsprom.com

The company has been operating in the industrial market of Ukraine since 2008, providing its clients with a range of metalworking services on CNC machining centers. The main specialization of the company is the manufacture of parts and components by turning and milling, according to the customer's design documentation.

VECTORTOOL LLC

24 Polova Str., UA-03056 Kyiv, Ukraine

tel.: +38 044 587 78 38

e-mail: info@vectortool.com.ua

www.vectortool.com.ua

VECTORTOOL LLC is a supplier of sheet metal processing tools and machines from leading manufacturers.

The company is an exclusive dealer for Tecnostamp (Italy, sheet metal bending tools) and Ketec Precision Tooling (China, punching tools) manufacturers, as well as a supplier of such equipment as sheet metal bending machines EKO (China), panel bending machines Lanhao (China) and grinding machines.

VYSHNEVE FOUNDRY AND FORGE PLANT PJSC

1 Parkova Str., UA-08132 Vyshneve, Ukraine

tel.: +38 044 496 90 72

e-mail: vlkz@ukr.net

www.vlkz.com.ua

The enterprise produces castings from ferrous and non-ferrous metals and alloys. Uses casting methods: casting in sand-clay molds, cast models, mold casting, pressure casting, processing of scrap into vintage alloys. The enterprise stamps (forgings) from steels, aluminum, copper and titanium alloys by the method of hot forming.

The company's quality management system is certified in accordance with the international standard ISO — 9001: 2000, the aerospace and military standard EN / AS-9100 AQAP-2110 by the international certification organization «Bureau Veritas Quality International».

WELDING-TEHNOLOGY LLC

43 Stepan Telha Str., of. 17, UA-50065, Kryvyi Rih,

Dnipropetrovsk reg., Ukraine

mob.: +38 067 539 09 90

e-mail: info@qz.dp.ua

www.svartech.com.ua

LLC «WELDING-TEHNOLOGY» is a supplier of modern professional equipment for metal processing.

Our product range includes welding machines, laser cutting systems, hydraulic and mechanical tools, consumables, and components. We specialize in comprehensive equipment solutions for manufacturing facilities, training centers, and service sites. Our services cover everything from equipment selection to technical support. We work with industrial enterprises, workshops, and educational institutions across Ukraine.

Manufacture and sale: braun fused aluminium oxide, black silicon carbide, boron carbide, boron nitride, cutting-off and grinding wheels, segments, whetstones, coated abrasives.

ZHONGYUNTECH

No.777, Dongfang Road, New&Hi-tech Industrial Development Zone, Weifang, Shandong Province, P.R. China

tel.: +86 536 222 55 22

e-mail: mkt@zhongyuntech.com

ZhongyunTech was founded in Weifang, China in 1963, specialized in the corrugated plastic pipe machinery in last decades of years. It offers a one-stop solution as a machine manufacturer, integrating the function of design, research and development, manufacturing, sales and service.

As the leading manufacturer of corrugated pipe machine in China, ZhongyunTech has 4 production bases and 1 R&D center with a total area of 440,000 m² and more than 200 employees.

ZhongyunTech always put great importance to quality control. It is equipped with more than 100 sets of precise processing equipment and quality control apparatus, such as three-coordinate measuring machine (CMM), laser tracker and various advanced CNC machines with auxiliary on-line detection functions. ZhongyunTech is committed to creating the most reliable corrugated pipe machines with the spirit of the craftsman.

With continuous technological innovation, ZhongyunTech has always led the technological development of corrugated pipe machine in China market and has become one of the leading suppliers of corrugated pipe machine in the international market. Our products are popular in more than 50 countries, including the United Kingdom, Italy, Spain, Australia, New Zealand, United Arab Emirates, Saudi Arabia, Turkey, Brazil, Chile, Egypt, South Africa, etc.

ZhongyunTech firstly is a research institute of plastic processing technology, followed by a machine manufacturing company. Based on this positioning, ZhongyunTech has continuously increased investment in technology development. We obtained more than 41 patents so far (e.g., pipe traction machine: 2022225354325; double-wall corrugated pipe sizing device: 2020203060895 and other patents), and was conferred with the High-tech Enterprises. ZhongyunTech was awarded the 'Little Giant' Enterprises», «Provincial Enterprise Technology Center and appointed as the project implementation unit of Torch Program, etc. ZhongyunTech's R&D center has been rated as Provincial Engineering Center.

Друк + ОНЛАЙН

Актуальні новини та життя будівельної галузі на наших інтернет-ресурсах.

ВСЕУКРАЇНСЬКИЙ ДІЛОВИЙ ІНФОРМАЦІЙНО-АНАЛІТИЧНИЙ ЖУРНАЛ ПРО СУЧАСНЕ БУДІВНИЦТВО

Мета журналу

Висвітлити актуальну інформацію про будівництво та нерухомість України та інших країн світу, ознайомити читацьку аудиторію з новими технологіями, матеріалами та послугами в будівництві; привернути увагу до проблем будівельної галузі, разом з провідними фахівцями знайти шляхи їх вирішення; розповісти про діяльність компаній, що працюють на будівельному ринку, і про найцікавіші події будівельного світу.

Публікації в Prof Build – це змога в доступному форматі використовувати можливість спілкування зі своєю цільовою аудиторією

Журнал Prof Build входить до:

Конфедерації будівельників України (КБУ), Всеукраїнської спілки виробників будматеріалів, Будівельної палати України, Національного Експертно-будівельного альянсу, Національної спілки архітекторів України, є інформаційним партнером Ліги Майстрів.

«Охорона праці» електронна версія - **76595**

Журнал "Охорона праці" - щомісячне, повноформатне, багатоколірне, ілюстроване видання на 124 сторінках з додатком «На допомогу спеціалісту з охорони праці».

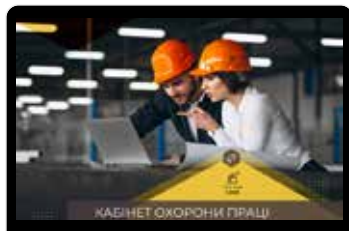

На сторінках журналу ви отримаєте фахову інформацію за такими напрямками:

1. Нові нормативні документи з питань охорони праці
2. Безпека та гігієна праці
3. Соціальний захист та безпечні умови праці
4. Ризикоорієнтований підхід у сфері безпеки та здоров'я на роботі
5. Інструкції з охорони праці та зразки документів
6. Практика розслідування нещасних випадків
7. Роботи на висоті
8. Безпека робіт на будівельних об'єктах
9. Запитання – відповіді
10. Роботи підвищеної небезпеки

ОНЛАЙН КАБІНЕТ ОХОРОНИ ПРАЦІ

ПЕРЕДПЛАТНИЙ ІНДЕКС - 76596

- щоденно поновлювана фахова інформація
- нормативна база з ОП, згрупована за галузями та видами діяльності
- консалтинг, консультування, роз'яснення із працезахоронних питань
- зразки та шаблони документів у зручному для роботи форматі
- документи з ОП на замовлення
- записи вебінарів
- інтерактивний зв'язок з експертами з питань безпеки праці та здоров'я працівників і керування ризиками

Метрологія

для підприємства

спеціалізований електронний журнал для фахівців вимірювальних підрозділів та лабораторій на підприємствах

Щономера у фокусі:

- ✓ Зміни, доповнення, колізії метрологічного законодавства, перевірки Держпродспоживслужбою
- ✓ Повірка/калібрування/метрологічне підтвердження ЗВТ: що, коли, навіщо
- ✓ Підтвердження компетентності лабораторій: вимоги, зацікавлені сторони та «підводні камені»
- ✓ Формування системи забезпечення єдності вимірювань на вітчизняних підприємствах
- ✓ Вимоги до допоміжного обладнання підприємства: перевірка та супровідна документація
- ✓ ДСТУ EN ISO/IEC 17025:2019: «настільна книга» для акредитованих і неакредитованих лабораторій
- ✓ Розбір виробничих ситуацій у форматі «запитання – відповідь», аналіз міжнародних практик

Отримайте демодоступ і скористайтесь усіма перевагами е-журналу:
mp.techmedia.com.ua

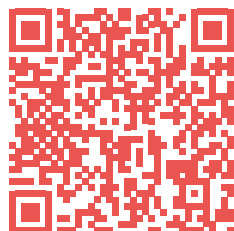

Передплатники видання отримують:

- ✓ Digital-версію журналу
- ✓ Архів журналу з 2019 року
- ✓ Зразки документації у зручному для редагування форматі
- ✓ Доступ до актуальної нормативно-правової бази та стандартів у сфері метрології

Як оформити передплату:

- » в інтернет-магазині: **techmedia.com.ua**
- » за номером телефону: **0 800 215 522**
- » за передплатними індексами: **60724, 76972**
- » напишіть нам у месенджер   

ТЕХНІЧНА ДІАГНОСТИКА ТА НЕРУЙНІВНИЙ КОНТРОЛЬ

Технічна діагностика та неруйнівний контроль

Technical Diagnostics and Non-Destructive Testing

TRADE SHOW CALENDAR

October 14–16' 2025

XXII INTERNATIONAL TRADE FAIR **COMMUNTECH**

Energy- and resource saving technologies, equipment, materials for communal heat-power engineering, water supply and drainage systems, communal fund management and exploitation, machinery for municipal and special purpose, city transport, road traffic management technical devices, wastes of production and consumption, recycling, polygon management, ecology, amenitizing and municipal service in cities

THEMATIC SECTIONS OF THE SPECIALIZED EXPOSITION **POST & DELIVERY EXPO UA**

Postal delivery services, e-commerce, arrangement of post offices, warehouse equipment, conveyor systems, logistic equipment

XV INTERNATIONAL TRADE FAIR **ROADTECHEXPO**

Construction, reconstruction, repair and maintenance of motor roads, bridges and overpasses; road-building technique, special machinery, machines and mechanisms for building and maintenance of motor roads; materials and technologies; automotive parts to special machinery; road traffic safety devices; illumination of motor roads; careers and plants; roadside service; leasing service, renting of road-building technique

II INTERNATIONAL TRADE FAIR **AGROMACHINERY EXPO**

Machinery for tillage, sowing, fertilizing, chemical plant protection, harvesting, forage harvesting, product transportation, mounted and trailed equipment, components and spare parts for machinery

XXII INTERNATIONAL WATER FORUM **AQUA UKRAINE**

Water treatment, water supply, water removal, sewage treatment, sludge treatment, pumps, pipes and pipeline accessories, automation of management of water resources, exploration and extraction of groundwater, technologies and systems for water quality monitoring, protection of water resources, bottled water

XIV INTERNATIONAL TRADE FAIR **EUROBUILDEXPO**

Industrial and housing building, architecture and repair works, building technologies, materials and constructions, elevator equipment, machinery, equipment, instruments for building and repair works, climate equipment, sources of heating and hot water supply, sanitary engineering, intellectual technologies for the housing automation, elements and products of decoration

THEMATIC SECTIONS OF THE SPECIALIZED EXPOSITION **W&D EXPO**

Window systems, doors, fittings, components, decor

TRADE SHOW CALENDAR

October 14–16' 2025

XXII INTERNATIONAL TRADE FAIR **POWER ENGINEERING FOR INDUSTRY**

Electrical and energy equipment for power plants, substations, power transmission lines, heating networks, power supply systems for enterprises, industrial lighting, automation of technological production of energy and industrial facilities, cybersecurity

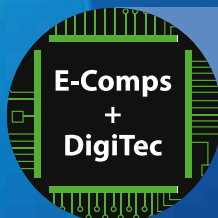

XVII INTERNATIONAL TRADE FAIR **ECOENERGY EXPO**

Equipment for solar and wind power plants, heat pump units, bioenergy technologies, cogeneration power plants, energy storage systems, inverters, batteries, generators, charging stations, LED lighting, electric transport, production ecology

VII INTERNATIONAL TRADE FAIR **ELECTRO INSTALL**

Low-voltage switching, protection, measurement, regulation, control, monitoring devices, cables, cable laying systems, electrical installation products, backup power, lightning protection systems, automation equipment, driving technology, automation of buildings and business

IV INTERNATIONAL TRADE FAIR **E-COMPS+DIGITEC**

Electronic components, integrated micro circuits, contract production, welding materials and equipment, optoelectronics, semiconductor technology, fiber optic networks, microprocessor devices, computing and information and measuring equipment, IoT devices, digital technologies

IX INTERNATIONAL TRADE FAIR **MINING & MINERALS EXPO**

Roadheading, extraction, longwall mining machinery; underground and open-pit mining special vehicles; conveyor systems; drilling tools; crushing, screening and mineral processing equipment; measurement devices; automation, communication, personal protection equipment

IX INTERNATIONAL TRADE FAIR **OILGASEXPO**

Drilling rigs, equipment for well operation and workover, pump and compressor equipment, oil and gas pipelines, valves, automation, control and measuring devices, oil and gas refining, oil and gas storages, environmental and fire safety
