AARONBUD PE

22 Veterynarna Str., of. 213, 214, UA-36000 Poltava, Ukraine

mob.: +38 095 878 25 51

e-mail: aaronbud17@gmail.com

A team of professionals will develop a project and build a warehouse, hangar, production or other premises from scratch, taking into account all the wishes and needs of the Customer.

The main direction of the company's activity is the construction of frame/frameless hangars.

The main criterion of our company is dynamic development, responsibility and efficiency.

We provide full support for the project from the idea to the commissioning of the facility, namely: consultation, design, manufacture and installation of metal structures, installation of industrial floors.

By choosing our company, you will receive:

- The shortest possible time for completion of work;
- An individual approach to the selection of building materials and assistance in completing the facility;
- A guarantee of compliance with contractual obligations;
- Compliance with the facility budget;
- High quality of work;
- Construction at any time of the year.

AGRIBUSINESS TODAY, MAGAZINE

13 Ivan Vyhovskyi Str., UA-04136 Kyiv, Ukraine

mob.: +38 067 823 38 58

e-mail: office@impress-media.kiev.ua

www.agro-business.com.ua

The magazine «Agribusiness Today» is an authoritative publication in Ukraine, published since 2001.

Operational, technological materials, reports on the experience of the best domestic farmers, market reviews and modern infographics. A company producing high-quality, up-to-date, relevant, print, online and video content and broadcasting it to a target audience of small, medium and large agricultural producers and processors.

Multimedia solutions of «Agribusiness Today» allow farmers to use exclusive information as efficiently as possible around the clock to generate profit. The magazine «Agribusiness Today» has already become a three-in-one communication project, a multimedia platform that allows you to read, see in video or listen to in audio formats useful practical information. The platform is constantly updated to meet the challenges of the time.

The media also has the magazines «Agronomy Today», «Agribusiness Technologies», «Agrarian Diary».

AGRICULTURAL BASE LEADER OF UKRAINE PORTAL

**38 Pivnichna Str., UA-73000 Zymivnyk vill., Kherson dist.,
Kherson reg., Ukraine**

mob.: +38 067 551 13 44, 067 551 12 27

e-mail: bazaagro@ukr.net

www.idcompass.com

Portal «Leader of Ukraine» / Database of agrarians of Ukraine
www.idcompass.com — effective marketing communication between
agrarians and companies of various fields. This is evidenced by our
age — more than 25 years of successful work!

In Google, we are in the top three when searching for «Agricultural
Database» etc. Each region has a representative who, for a month,
works out one district of his oblast with «live» trips to the countryside.
We fruitfully cooperate with territorial communities, information
about which can be found at the end of each district.

All this shows that we take our business seriously, value our reputation
and are reliable partners!

See «Demo version» on the portal.

AGRILINE

UA-02140 Kyiv, Ukraine

«BEZPEKA-KOMPLEKS» LLC is a developer and manufacturer of protective clothing — safety belts for work at height.

On the market of overalls, our products are presented in almost all price segments. Clothes are made of high-quality fabrics and accessories, taking into account all the requirements of DSTU EN ISO 13688:2016.

Our company manufactures PP1 strapless safety belts and PP2 buckled safety belts in accordance with the requirements of DSTU EN 358:2022, DSTU EN 361:2017, DSTU EN 813:2017. Their use when working at height creates safe working conditions.

Products are developed by highly qualified specialists and manufactured on modern equipment. We carried out technical rearmament, introduced a highly efficient automatic design system.

BONDIOLI & PAVESI UKRAINE LLC

**134b Hrushevskoho Str., UA-47740 Velyki Birky vill.,
Ternopil dist., Ternopil reg., Ukraine
tel.: +38 0352 49 28 80, 49 29 14
e-mail: sales@bypy.com.ua**

Bondioli & Pavesi Ukraine LLC was founded in 2005 and is a subsidiary of the BONDIOLI & PAVESI group. Since its foundation, the company has been working closely with manufacturers of agricultural, industrial and construction machinery, providing comprehensive technical and commercial support in the field of drive components and assemblies. Qualified personnel and a wide range of products available in stock are able to quickly satisfy the needs of demanding customers. The office of Bondioli & Pavesi Ukraine is located on a plot of over 10,000 m² in the urban-type settlement of Velyky Birky (10 km from Ternopil in the eastern direction) in a modern building with about 1000 m² of warehouse space and over 200 m² of office space. The warehouse premises are equipped with specialized equipment for repair and pre-sale preparation of mechanical and hydraulic components. This allows for maximum flexibility of supply, as well as the ability to make changes to components or the scheme according to the technical needs of customers.

The company's network of authorized partner service centers ensures the availability and accessibility of spare parts throughout Ukraine. Bondioli & PAVESI Ukraine Company represents world-famous products in Ukraine:

BONDIOLI & PAVESI — drive shafts.

BONDIOLI & PAVESI – gearboxes.

BIMA — multipliers.

DINOIL — hydraulic distributors].

HP HYDRAULIC — axial piston and gear pumps and motors.

FIRA — heat exchangers.

In addition to its own products, the company offers products from other leading companies, which complements the range and allows it to offer a full set of components.

The offered products include, among others:

ARAG — computers and components for agricultural sprayers.

ANNOVI REVERBERI — pumps for agricultural sprayers.

POLMAC — chemical mixers, multi-way valves, flow meters.

OGNIBENE — steering dosing pumps.

FIENI — fan units for garden sprayers.

BATTIONI PAGANI — vacuum pumps, compressors for sewage machines.

METALTECNICA — valves and components for sewage machines.

SALVARANI — electrical control systems for agricultural machines.

BRAGLIA — nozzles and components for garden sprayers.

SIMOL — jacks, semi-trailer support posts, support wheels.

HYPRO — centrifugal pumps for CAS, motor pumps.

NT — orbital hydraulic motors.

ELEMATIC OYJ

P.O. Box: 33, 2 Aiolantie Str., FIN-37801 Akaa, Finland

tel.: +358 408 681 884

e-mail: valeriy.lomotko@elematic.com

www.elematic.com

Elematic is a world leader in the development and supply of equipment for precast concrete plants, with over 15 precast concrete plants in Ukraine.

- Using Elematic's mobile precast concrete plant to provide flexibility in reconstruction projects across Ukraine.

We have developed a minimally invasive foundation design that allows us to remove heavy foundation structures from under equipment at precast concrete plants.

- Reinforcing building structures to prevent progressive collapse due to drone or missile attacks. We have studied this topic and propose using Eurocode to ensure the safety of building structures.

- Speeding up project completion with prefabricated bathrooms and interior planning software. By complementing the design and construction of prefabricated elements, we can reduce project duration by 30-50% and lower costs.

www.seminar.expertus.com.ua

Expertus Okhorona Pratsi (Expertus Occupational Safety) is one of the directions of the Ukrainian digital publishing house Expertus. We create specialized digital products and publications for occupational safety professionals. We combine legislation and practice, the expertise of Ukrainian specialists, and global technologies.

- The «Occupational Safety Specialist’s Guide» magazine delivers clear, practical answers to complex questions — in a language that’s easy to understand.

- The Expertus Occupational Safety system gives you access to a comprehensive database of high-quality professional content. We collaborate with certified specialists, auditors, State Labor Service representatives, lawyers, and attorneys to deliver only verified and practical solutions.

An important part of our work is the Higher School of Occupational Safety, which offers three specialized programs:

- Professional Certification of Occupational Safety Specialists – 2025
- Fire Safety in the Workplace
- Enterprise Civil Protection System – 2025

These programs empower professionals to reach the highest standards, streamline preparation for State Emergency Service inspections, implement fire safety protocols, and develop all required documentation.

Our experts from all over Ukraine are always by your side — whenever you need accurate, practical solutions.

F.TECHNOLOGY LTD

2 Hnata Khotkevycha Lane, corp. A, UA-02094 Kyiv, Ukraine

mob.: +38 050 331 28 97

e-mail: f.techno@ukr.net

www.ftechno.com.ua

Congratulations We are a team of specialists in metalworking equipment with more than 20 years of experience, who created the F.Technology company due to the desire for development and the opportunity to share the acquired knowledge.

Over the years of cooperation with various segments of the industrial market, we have discovered the main criteria for the quality of customer service, which, unfortunately, are often forgotten in large companies, focusing on the most profitable contracts. The F.Technology team strives to be as client-oriented as possible and has built its work based on the following conditions:

- Economic benefits for customers.
- Full attention.
- Operability and convenience.
- Execution of specialized orders.
- Reliability.
- Creativeness.

Make your production happy with good equipment together with F.Technology!

Welcome to the Foundry Enterprise PJSC «METALYT»!

You are on your way to collaborating with a reliable supplier of high-quality cast iron products!

Why choose us?

Automated Production:

Our modern automated equipment ensures speed, precision, and direct compliance with your requirements. This allows us to reduce costs and offer competitive prices without compromising on quality.

Wide Range of Products:

Our cast iron products find applications in the following areas:

- Hydraulics;
- Automotive;
- Rail transport;
- Agricultural machinery;
- Construction industry;
- Municipal needs.

Flexibility in Orders:

With castings weighing from 1 to 55 kg, our range can meet the needs of both small and large orders.

Individual Approach:

We are ready to collaborate on your unique projects, striving to fulfill all your wishes and requirements.

Act Now!

Experience the quality of our products by contacting us for a commercial proposal:

MODUS UMZ LLC

www.moroz.ua

Our company is a manufacturer of modern high-quality equipment to meet the needs of agricultural and municipal enterprises.

The production uses a modern fleet of metalworking equipment with numerical software: laser cutting machines, bending equipment, lathes and milling machines.

We set ourselves the goal of establishing partnership relations with customers. By purchasing our equipment, you will receive not only a modern technical solution that will solve your problems TODAY, but also a partner who will create equipment for your needs TOMORROW.

MOTORIMPEX LTD

**15 Lesi Ukrainky Ave., UA-77304 Kalush, Ivano-Frankivsk reg.,
Ukraine**

mob.: +38 097 085 80 80, 095 000 30 10

e-mail: m-impex@motorimpex.ua

www.motorimpex.ua

We supply 40 categories of hydraulic components. We design and manufacture high-pressure hydraulic systems tailored to individual specifications. In our work, we use components from the best European manufacturers, whose quality and reliability have stood the test of time.

Clients turn to us when they need:

1. to create a mobile equipment hydraulic system from scratch;
2. to upgrade an existing hydraulic system;
3. to select components when designing a new hydraulic system;
4. to replace components that have failed in existing equipment.

We manufacture both in series and single units: hydraulic cylinders, hydraulic manifolds, tube benders, hydraulic power units with automatic control systems, mobile filtration units, high-pressure hoses with assemblies, and additional components.

We have extensive experience working with OEMs and a well-established dealer network across Ukraine.

MOTUL UKRAINE

Oscar Group is a modern, dynamic business that has grown from a small supplier to a major player in the polycarbonate market in Ukraine over 11 years of operation.

Oscar Group manufactures and supplies products, including monolithic, cellular and profiled polycarbonate, plexiglass, cellular polypropylene and related components. We offer unique solutions for facades, roofs, greenhouses, awnings, canopies and many other structures. The company's products are distinguished by high technical characteristics, durability, environmental friendliness and aesthetics.

Every year, the company expands its presence in the regions, improves logistics and launches new brands. This allows us to quickly adapt to demand and provide flexibility in working with dealers and end users.

Ukraine Construction — Your Reliable Partner in Reconstruction and Development!

The «Ukraine Construction» project (LLC «Ukraine Budivelna») is a diversified company operating in several key areas:

1. Advertising, Information Services & Digital Marketing

We provide advertising and informational services on our website and social media platforms, as well as comprehensive digital marketing solutions. Our project is evolving into a media resource covering crucial aspects of Ukraine's and the global construction industry. We are continuously expanding our website content and social media presence.

Our team of marketing professionals, responsible for promoting the entire project, also offers expert digital marketing services to companies in the construction and related industries. Today, we provide a full range of marketing services to developers, architects, renovation firms, building material manufacturers and suppliers, equipment and machinery providers, energy companies, and more.

Our digital marketing specialists will develop and implement a tailored strategy for your business, leveraging the latest trends in marketing and analytics, backed by cutting-edge knowledge, skills, tools, and proven case studies. We also assist companies in building effective marketing and sales departments.

2. Construction & Renovation Services

Under this division, we offer construction and renovation services. Our team consists of specialists across various construction trades, ready to provide a customized proposal based on your request. Once

a contract is signed, we will assemble a dedicated team to optimize costs, ensure high-quality work, and meet deadlines.

If needed, we can develop architectural or design plans, select the best (or most cost-effective) building and finishing materials, and assist with land allocation issues. Then, we will bring your project to life on schedule.

Ukraine Construction provides a wide range of services—from small apartment renovations to private home construction, small architectural forms (SAFs), and industrial or commercial complexes.

3. Sales of Building & Related Materials

We are currently structuring this department and developing online resources. In this segment, we operate as an e-commerce platform and specialized marketplaces on social media.

4. Financial & Investment Consulting

As part of this service, we offer financial and investment consulting to both established companies and startups. We prepare internationally compliant business plans with modern financial models, develop advanced digital marketing strategies, and train clients in financial calculations. After the preparatory phase, we guide clients on where to seek funding for their existing or future business.

UKRAINIAN NATIONAL HUMANITARIAN DEMINING ASSOCIATION

3 Myshuha Oleksandr Str., corp. B, of. 20, UA-02141 Kyiv, Ukraine

mob.: +38 067 238 09 82

e-mail: info@unhda.org

www.unhda.org

UNHDA — Ukrainian National Humanitarian Demining Association (UNHDA) unites national and international companies in the industry, including demining operators, manufacturers of specialized equipment, technology and protective gear, scientific and educational institutions, financial and insurance companies, and other stakeholders into a professional community.

Established in 2023 at the initiative of leading national demining operators, UNHDA aims to provide comprehensive support to all industry participants and state authorities for restoration and clearance of the contaminated territory of Ukraine.

The association aims to comprehensively develop the industry as a whole, improve legislation and regulatory support, implement ethical and professional standards for the training and activities of industry professionals and companies, and protect the professional rights of its members.

A full production cycle — from the design bureau to in-house welding, assembly, and painting workshops, as well as the certification department — ensures that all vehicles comply with market standards and requirements.

VIDI Unicommerce is a reliable partner for comprehensive solutions in the field of specialized vehicles.

VITKAR GEO BUD LLC

8 Mrii Str., of. 6-28, UA-03062 Kyiv, Ukraine

mob.: +38 050 290 90 67

e-mail: vitcar23@gmail.com

www.vitcar.com.ua

VITKAR GEO BUD LLC is focused on developing and implementing efficient, practical solutions for infrastructure projects — both at the design stage and during construction — with an emphasis on applying modern, cutting-edge technologies throughout the process.

To achieve this, we conducted extensive research into advanced construction technologies used across Europe and the United States. As a result, we have optimized approaches to the reconstruction of reinforced concrete bridges, the construction and reinforcement of road and rail infrastructure, culvert installation, and the stabilization of embankments and shorelines.

These innovations have consistently led to 30–50% reductions in estimated costs, faster construction timelines, and extended service life for completed structures.

Our team brings deep experience in applying advanced materials and technologies across a wide range of construction projects.

**WATERNET, ALL-UKRAINIAN WATER ASSOCIATION, NGO**

123 Saksahanskyi Str., of. 4, UA-01032 Kyiv, Ukraine
