XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

This year, the XXII International Energy Business Forum "5E" once again confirmed its status as the main industry event in Ukraine.

This unique congress and exhibition event, which has no analogues among exhibition projects in Ukraine in terms of format and scale, took place on October 14–16, 2025, at the International Exhibition Center, comprising a series of exhibitions and business events.

BUSINESS PROGRAM

XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

The "5E" Forum is the main annual meeting place for the engineering and energy elite, the entire professional community of Ukraine and other countries around the world.

The exhibitions bring together top global and domestic market leaders, leading manufacturers, and developers of startups, who are the drivers of technological change and the evolutionary development scenario of the domestic energy sector.

The key to the success of such companies is the ability to respond to challenges, quickly react to market demands and needs, present their achievements, and gain maximum results from participating in the exhibition. A significant part of the exhibits covers a vast array of various technologies and equipment that have wide application in many areas of activity.

XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

The large-scale exposition covered all energy sectors: from technologies for the extraction and production of energy resources to the generation of electricity, its storage, transmission, distribution, and consumption. The synergy of industry events brought together a significant number of advanced technologies, modern equipment, and machinery at the International Exhibition Center (IEC) venue.

Despite the ongoing challenges, domestic and international businesses demonstrated incredible resilience and the desire to implement innovations that are changing Ukraine's energy landscape and ensuring the sustainability of the energy system.

XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

Market leaders, as well as prominent domestic and foreign manufacturers and suppliers of goods and services, took part in the exhibitions.

The exposition presented a wide range of power equipment, electrical engineering equipment, energy storage and backup power systems, charging stations, automation tools, and electronics, all of which are applied in various industries and sectors.

XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

On October 14, the official opening of the International Energy Business Forum "5E", sectoral exhibitions and the 10th International Congress of Power Engineers was attended by:

Andrii KONONENKO - Deputy Secretary of the National Security and Defense Council of Ukraine

Andrii GERUS - People's Deputy of Ukraine and Chairperson of the Verkhovna Rada of Ukraine Committee on Energy, Housing and Utilities Services

Ruslan SLOBODIAN - NEURC Member

Vitalii ZAICHENKO - Head of the Management Board of NPC "Ukrenergo"

Mariia MALAYA - First Deputy Head of the State Agency on Energy Efficiency and Energy Saving of Ukraine

Mykhailo BUBNOV - General Director of Schneider Electric Ukraine

Oleksandr SVETELIK — President of the International Council on Large Electric Systems (CIGRÉ) in Ukraine

XXII INTERNATIONAL ENERGY BUSINESS FORUM "5E"

Ivan TKACHENKO — Head of Kyiv Global Expo Company

Anatolii TKACHENKO — Director General of the International Exhibition Centre (2000–2025)

In their welcoming speeches, the esteemed guests emphasized the importance and relevance of the exhibition event, which will contribute to determining priorities and technological solutions for the sustainable operation of Ukraine's energy system.

XVII INTERNATIONAL TRADE FAIR «ECOENERGY EXPO»

GENERAL PARTNER

Done

The ECOENERGY EXPO Exhibition continues to gain momentum in terms of the scale of the exposition, growing interest from exhibitors and visitors, and a wide presentation of technologies and equipment capable of maintaining power supply during attacks, emergencies, and failures in the energy system.

The success of this year's exhibition, which became the most popular industry event of the year in Ukraine, indicates a rapid increase in demand for "green" technologies among various types of consumers and a simultaneous increase in the supply of goods and services for the decentralized power system.

STRATEGIC PARTNER

XVII INTERNATIONAL TRADE FAIR «ECOENERGY EXPO»

The ECOENERGY EXPO exposition featured a unique exhibition space where, for three days, a positive business atmosphere and communication prevailed between numerous exhibitors—leaders and main manufacturers of domestic and global market products—and exhibition guests.

The vast array of products, equipment, technologies, and services presented at the "ECOENERGY EXPO-2025" exhibition indicates that RES technologies for business, home, and industry are becoming increasingly attractive from an economic and security standpoint.

XVII INTERNATIONAL TRADE FAIR «ECOENERGY EXPO»

This year, the exposition of photovoltaic products, backup power and energy storage systems, power electronics, mounting structures, automation tools, "smart" power supply systems, energy-efficient lighting fixtures, cogeneration units, boiler equipment, charging stations, electric vehicles, and ecological and energy-saving technologies significantly expanded.

XVII INTERNATIONAL TRADE FAIR «ECOENERGY EXPO»

EcoFlow Ukraine traditionally held the IV Energy Forum-Presentation "EcoFlow Energy DAY 2025. A New Era of Energy Consumption: From Storage to Generation" on October 15, as part of the ECOENERGY EXPO exhibition.

The event united leading specialists in the energy sector, business executives, and consumers who are jointly seeking new approaches to energy consumption: from storage to generation.

**INTERNATIONAL EXHIBITION COMPANY CONTINUES TO PROMOTE
THE DEVELOPMENT OF "GREEN" ENERGY IN 2026!**

**GIVEN THE RELEVANCE AND SIGNIFICANT SCALING OF THE
ECO ENERGY EXPO '2025 EXPOSITION, AS WELL AS NUMEROUS REQUESTS
FROM EXHIBITORS AND VISITORS, WE ARE PREPARING
TO HOLD THE EXHIBITIONS **TWICE A YEAR!****

**WE INVITE ALL WHO WANT TO PARTICIPATE
IN NEXT YEAR'S EXHIBITIONS!**
