---Your sincere partner and friend in China!

PREFERENTIAL PAYMENT TERMS!

Anshan Anza Electronic Power Co., Ltd has been engaged in international trade in China for more than 20 years. ANZA cooperates with more than 400 customers from Ukraine, Estonia, Hungary, Poland, Germany, Chile, Oman, Philippines, Thailand and so on. We could offer more favorable terms of payment due to the close cooperation with Chinese Banks. We have extensive contacts with manufacturers in plastic industry, so we can supply you with products from different manufacturers and provide different brands and a variety of products according to your requirements. We can arrange multi model shipping and assist customs clearance.

We are willing to search different ways of cooperation with our partners!

e-mail: office@3dplast.ua

www.3dplast.ua

LLC «3D PLAST» is an expert with many years of experience, ensuring stable quality and confidently maintaining its position as one of the largest filament manufacturers in Ukraine.

3D SPACE LLC

4 Shashkevych Markiyan Str., of. 1, UA-46008 Ternopil, Ukraine

mob.: +38 097 113 13 30

e-mail: office.3dprostir@gmail.com

www.shop3dprostir.com

«3D Prostir» LLC is the official distributor in Ukraine of the famous brand «Kingroon».

We are an innovative company that is part of the 3D printer community.

3D TECH LLC

37 Khvylovyi Str., of. 36, UA-79000 Lviv, Ukraine

mob.: +38 067 519 04 80

e-mail: top.one@addtive.com.ua

www.addtive.com.ua

ADDITIVE is a Ukrainian company specializing in industrial 3D printing and the manufacture of functional products. The team utilizes state-of-the-art additive technologies to create parts, prototypes, and mass-produced items for engineering, manufacturing, and R&D applications.

Key areas of focus: SLS printing, manufacturing of complex geometries, small-batch production, and engineering preparation of models. The company provides a full cycle of services—from 3D model preparation to the finished product.

ADDITIVE solutions are used in mechanical engineering, electronics, robotics, and other industries where development speed, precision, and design optimization are critical.

333PRINT

Ukraine, Kyiv

mob.: +38 099 387 02 53

e-mail: Bambuprint@ukr.net

www.Filamentstore.com.ua

333Print — quality filament at an affordable price.

ABPLANALP UKRAINE PE

120/4, Kozatska Str., UA-03022 Kyiv, Ukraine

mob.: +38 044 496 11 66

e-mail: info@abplanalp.ua

www.abplanalp.ua

Abplanalp Ukraine is a modern engineering company specializing in the supply of high-tech metalworking equipment. We offer comprehensive project solutions for manufacturing: from the selection of machines and tools to technology implementation, maintenance, and staff training. This is backed by 40 years of experience and more than 2,000 completed projects in Ukraine.

ABRAMAT LLC

6 Rudyka Str., UA-61070 Kharkiv, Ukraine

mob.: +38 050 325 07 27

e-mail: abramat@ukr.net

www.abramat.com.ua

Production of flexible abrasive tools: flap wheels, flap disks, flap wheels on the shaft, flap drums and rollers, combined flap wheels, abrasive belts, and quick-change tools with velcro backing. All tools are manufactured from high-quality abrasive cloth and non-woven abrasive materials.

We offer a wide range of polishing tools of our own production: felt polishing wheels, polishing flap wheels, polishing flap wheels on the shaft, velcro-backed tools, lapping and polishing compounds and many other products.

We manufacture abrasive tools according to customer technical specifications.

ADDITIVE LASER TECHNOLOGY OF UKRAINE LLC

105 Nebesnoi Sotni Ave., UA-65104 Odesa, Ukraine

mob.: +38 098 720 61 27

e-mail: info@alt-print.com

www.alt-print.com

Additive Laser Technology of Ukraine is a national manufacturer of modern systems for selective laser melting of metal powder (3D printers) designed to create metal products of any shape in the additive manufacturing process known as Powder Bed Fusion (laser melting of metal powder in an inert environment), as well as auxiliary equipment.

The company also offers 3D printing of high-precision parts with complex geometry from various metal alloys for aviation, automotive, aerospace, energy, defence and other industries.

AGRICULTURAL BASE LEADER OF UKRAINE PORTAL

38 Pivnichna Str., UA-73000 Zymivnyk vill., Kherson dist.,

Kherson reg., Ukraine

mob.: +38 067 551 13 44, 067 551 12 27

e-mail: bazaagro@ukr.net

www.idcompass.com

Portal «Leader of Ukraine» / Database of agrarians of Ukraine www.idcompass.com — effective marketing communication between agrarians and companies of various fields. This is evidenced by our age — more than 25 years of successful work!

In Google, we are in the top three when searching for «Agricultural Database» etc. Each region has a representative who, for a month, works out one district of his oblast with «live» trips to the countryside.

We fruitfully cooperate with territorial communities, information about which can be found at the end of each district.

All this shows that we take our business seriously, value our reputation and are reliable partners!

See «Demo version» on the portal.

Limited Liability Company «AMB-Technology» is the official representative in Ukraine of the world's leading manufacturer of CNC lathes, the company CMZ Machine Tool Manufacturer S.L., Spain.

Also, the company «AMB-Technology» offers official supplies of other high-quality machine tool equipment manufactured in the EU and Japan, and tooling equipment from leading world manufacturers, such as M.T. s.r.l. (Italy), BENZ GmbH Werkzeugsysteme (Germany), etc.

We provide a full range of service support and technological support.

AMM PROJECT LTD

77 Kyivska Str., of. 45, UA-10012 Zhytomyr, Ukraine

mob.: +38 099 204 72 48

e-mail: katiaturieva@gmail.com

www.ammproject.com.ua

AMM Group — your comprehensive solution in industrial automation.

We bring together three key areas that collectively cover the core needs of large industrial manufacturers — from equipment supply and automation to personnel training and service support.

- AMM Project — a provider of comprehensive industrial automation solutions with 18 years of experience: automation, service support, on-site installation, and industrial network solutions; official representative of Indu-Sol in Ukraine, a manufacturer of equipment for diagnostics of industrial networks PROFIBUS and PROFINET.

- AMM Industry School — a training center specializing in industrial automation and production safety.

- AMM Trade — a distributor of automation equipment and components from leading global brands; official representative of PILZ in Ukraine.

AMMOLIT PLUS LLC

UA-79000 Lviv, Ukraine

mob.: +38 (067) 573-51-20

e-mail: sales@ammolit.plus

www.amm-plus.com

26 years in manufacturing: from idea to mass production.

We don't just make molds — we create working assets.

Unlike intermediaries, we design the product, the mold, and run serial production ourselves.

This means one simple thing: we are responsible for every micron of geometry and every injection cycle.

ANTIFRICTION TECHNOLOGY / CARL BECHEM GMBH LLC

21 Zaliznychne Highway, UA-01103 Kyiv, Ukraine

mob.: +38 050 331 12 31

e-mail: s.korsun@aftech.com.ua

www.aftech.com.ua

ANTIFRICTION TECHNOLOGY LLC is the official distributor of leading manufacturers of special lubricants for industry, as well as automatic lubrication systems.

The company CARL BECHEM GmbH, Germany (www.bechem.de) produces lubricants for: food, pharmaceutical, railway, automotive, metallurgical and cement industries.

ANWIT PE

25 Mykhailo Kotelnikov Str., UA-03155 Kyiv, Ukraine

Asteel M LTD: Your Partner in Foundry and Metallurgy

Asteel M LTD is a leading supplier of European materials for foundry production and metallurgy in Ukraine. The company serves as the official representative for global industry leaders, including HA Italia (Mazzon), EKW GmbH, SNAM Alloys, and others.

Our product range covers the complete technological cycle of foundry production:

- Refractory materials for the preparation and maintenance of melting units.
- Specialized chemicals for melting and melt modification processes.
- High-efficiency cold-setting (no-bake) resin systems.
- Anti-burn-on coatings for superior finish.

We ensure stability at every stage of production — from the initial metal pouring to the delivery of high-quality castings with a flawless surface finish. With our own dedicated warehouses in Kharkiv and Lviv, we guarantee fast, convenient logistics and consistent supply stability for our partners.

Bondioli & Pavesi Ukraine LLC was founded in 2005 and is a subsidiary of the BONDOLI & PAVESI group. Since its foundation, the company has been working closely with manufacturers of agricultural, industrial and construction machinery, providing comprehensive technical and commercial support in the field of drive components and assemblies. Qualified personnel and a wide range of products available in stock are able to quickly satisfy the needs of demanding customers. The office of Bondioli & Pavesi Ukraine is located on a plot of over 10,000 m² in the urban-type settlement of Velyky Birky (10 km from Ternopil in the eastern direction) in a modern building with about 1000 m² of warehouse space and over 200 m² of office space. The warehouse premises are equipped with specialized equipment for repair and pre-sale preparation of mechanical and hydraulic components. This allows for maximum flexibility of supply, as well as the ability to make changes to components or the scheme according to the technical needs of customers.

The company's network of authorized partner service centers ensures the availability and accessibility of spare parts throughout Ukraine. Bondioli & PAVESI Ukraine Company represents world-famous products in Ukraine:

BONDOLI & PAVESI — drive shafts.

BONDOLI & PAVESI — gearboxes.

BIMA — multipliers.

DINOIL — hydraulic distributors].

HP HYDRAULIC — axial piston and gear pumps and motors.

FIRA — heat exchangers.

In addition to its own products, the company offers products from other leading companies, which complements the range and allows it to offer a full set of components.

The offered products include, among others:

ARAG — computers and components for agricultural sprayers.

ANNOVI REVERBERI — pumps for agricultural sprayers.

The Jinova plant offers:

- its own design department;
- air heating systems for heating and ventilation of premises;
- heat exchangers for technological drying (grain, milk, meat, vegetables, concrete, building mixtures);
- defrosting units (coal, iron ore, wagons);
- supply of heated technological air (painting chambers, bubbling, galvanic chambers, etc.);
- heat exchanger for heat recovery from flue gases.

- External and internal installations

Pressure burners for gas and diesel.

Air flow 1000 — 150,000 m³/h.

Heat capacity 25 — 3000 kW.

Operating temperature up to 300 C.

Pressure up to 6,000 Pa.

The heat exchanger is manufactured according to the individual characteristics of the Customer.

Jinova factory is a full production cycle under one roof:

- CNC machining;
- laser cutting;
- painting;
- MIG/MAG and TIG welding;
- laser welding;
- grinding and finishing;
- assembly of components and finished equipment.

Company «Information Technologies SAPR» is a supplier of CAD/CAM/CAE/PDM engineering software.

The company offers a wide range of CAD/ECAD/CAM/CAE solutions, including:

- SOLIDWORKS — a family of products that covers the entire spectrum of engineering tasks from design (SOLIDWORKS CAD) and engineering analysis (SOLIDWORKS Simulation) to product cost estimation (SOLIDWORKS Costs), collaborative project work and creation of an electronic design documentation archive (SOLIDWORKS PDM);
- SolidCAM — fully integrated with SOLIDWORKS and featuring patented iMachining technology CAM system;
- cncKad AutoNest, VITECH, INTECH-Rozkriy and others — for optimising sheet metal nesting;
- Carveco, DeskProto and other CAM systems for professionals such as designers, jewellers, sculptors, medical engineers, mould makers, woodworkers and toolmakers;
- DraftSight — for creating drawings and producing design documentation;
- KISSsoft — for designing, analysing and optimising machine parts and gearboxes;
- SolidSteel — for automating the design of steel structures in the SOLIDWORKS environment;
- QForm UK — for simulating metal forming processes;
- MAGMASOFT — for simulating metal casting processes;
- MindCAD 3D — for designing, developing and modelling footwear;
- QuickSurface and other tools — for 3D scanning and reverse engineering;
- additional engineering software tailored to meet specific customer needs.

The company also provides technical support, consulting services on software supply optimization, and customer staff training.

Inter Systems Company has been an official direct supplier of equipment for education and business in Ukraine since 1993: projectors, projection screens, interactive whiteboards, interactive panels, digital laboratories and robotics, and of course 3D printers of such brands as QIDI and X-MAKER.

We offer to your attention such popular printer models as QIDI TECH Q2 PRO and X-MAKER JOY.

Since we are a direct supplier of these TMs to Ukraine, we provide full support to consumers:

- detailed consultation
- full information support (on our website)
- official warranty
- after-sales service.

KVERB is a Ukrainian supplier of professional metalworking equipment and technical solutions for industrial enterprises. The company has been operating on the market for many years and specializes in supplying modern equipment that helps enterprises modernize production processes, increase efficiency and implement new technologies.

The company's activities are aimed at providing enterprises with reliable technical solutions for metalworking and mechanical engineering. KVERB cooperates with enterprises of various scales — from small production workshops to large industrial companies, providing professional advice, equipment selection and technical support.

The company's portfolio includes a wide range of equipment for light and heavy metalworking, including:

- band saws for cutting metal
- welding tables and clamping systems
- press brakes
- drilling machines
- CNC lathes and milling machines
- other specialized CNC machines
- auxiliary equipment and tools for production processes

KVERB cooperates with leading global manufacturers of industrial equipment and is an official partner of well-known international brands. Thanks to this, Ukrainian enterprises gain access to proven technologies that meet modern requirements for automation, accuracy and productivity.

One of the key principles of KVERB's work is an individual approach to each client. The company's specialists help to choose the optimal technical solutions in accordance with the specifics of production, technological tasks and development prospects of the enterprise.

Participation in the International Industrial Forum 2026 for KVERB is an opportunity to present its technological solutions, exchange experience with industry representatives and discuss current trends in the development of modern production. The KVERB team invites visitors to the forum to visit the company's stand to familiarize themselves with the capabilities of modern equipment, receive expert advice and discuss effective technical solutions for the development of enterprises.

The LIFTING EQUIPMENT. SPECIAL DEVICES» journal is a monthly production-practical and scientific publication (A4 format, 28 pages). It is an independent professional magazine in Ukraine, tailored to the interests of companies operating in the market of lifting and transport equipment, construction and road machinery, special equipment, and elevators.

Published since April 2001, the journal is issued in Ukrainian.

Founder — Prof. Mykola Andriyenko.

Over the past 24 years, more than two and a half hundred issues have been published, featuring over 2,500 articles. The journal serves as a source of up-to-date information, valuable expertise, and expert opinions. Its subscribers and readers include specialists from metallurgical and engineering enterprises, cargo handling complexes, mechanization services, construction, assembly, repair, service, and expert organizations. Subscriptions are available exclusively through the editorial office. Any issue from the journal's 24-year archive can be purchased.

LIVCOM LLC

85 Svobody Ave., UA-39600 Kremenchuk, Ukraine

mob.: +38 067 531 68 30

SMART COMPRESSORS is dedicated to the development and implementation of modern, energy-efficient technologies for the compression, preparation, utilization, and separation of air and non-corrosive gases.

Our mission is to provide comprehensive solutions that help optimize the production, preparation, and use of compressed air at both new and existing facilities.

The highly qualified specialists at SMART COMPRESSORS have many years of experience in the supply and maintenance of compressor stations for gas compression and vacuuming. They are ready to assist you in developing and implementing technical solutions tailored to the specific characteristics of your production process.

Our comprehensive services include the planning, delivery, installation, and maintenance of compressor units from leading European manufacturers. Turnkey project execution is one of the main factors in our company's success.

SMART LINE LLC

209-G, Nemyrivske Shose Str., UA-21034 Vinnytsia, Ukraine

mob.: +38 067 380 17 59

e-mail: info@smartline.in.ua

www.smartline.in.ua/ua

SMART LINE is a manufacturer of powder coating equipment that delivers results, not just equipment. 15 years of experience, individual design for your tasks and turnkey launch — from idea to stable production. We optimize costs, increase coating quality and speed of work. Installation, launch, training — we take care of everything. You get a ready-made solution that really works.

SOK TREYD LLC

12 Literaturna Str., of. 206, UA-65016 Odesa, Ukraine

tel./fax: +38 (048) 757-87-88

e-mail: office@soctrade.ua

www.soctrade.ua

Since 2003 SocTrade has been supplying Ukraine with high-quality modern equipment for laboratories, solving a wide range of analytical and research tasks.

SocTrade activities: supply of laboratory equipment, methodical services, training of specialists, warranty and post-warranty service.

SOKAR ENGINEERING LTD

23a Voznesenskyi Uzviz, UA-04053 Kyiv, Ukraine

mob.: +38 095 794 24 33

e-mail: sokar.ltd@gmail.com

www.sokar-engineering.web.app

Sokar Engineering is a Ukrainian company specializing in the production of custom-made metal structures made of ferrous metal and aluminum. Our office and production facilities are located in Kyiv.

With over three years of experience, we offer comprehensive solutions for creating reliable load-bearing structures for various purposes. Our range includes:

- Masts for antennas, cameras and lighting — we manufacture according to individual parameters.
- Lighting racks.
- Metal frames for various applications.
- Trolleys and hoods for generators.
- Supports for billboards.
- Building structures — frames, racks, fasteners.
- Warehouse metal structures.
- Structures for industrial equipment.
- Modular structures for installation work.

SPACE 3D PRINT LTD

35 Svitlytskyi Str., build. 108/4, of. 3, UA-04215 Kyiv, Ukraine

mob.: +38 066 999 90 01

e-mail: space3dprint.com.ua@gmail.com

www.space3dprint.com.ua

Space3DPrint is a high-tech serial production studio 3D printing and engineering prototyping.

We combine scalable production facilities, quality control at each stage, and professional support.

Projects from the idea to the finished product.

The company was founded in 2016 and today is among the largest FDM farms in Ukraine.

Our solutions are chosen by business clients from the following industries:

- Mechanical engineering and instrumentation
- Architectural and industrial visualization
- Hardware segment startups
- Education, R&D, product design and others.

SPC ALDA LLC

**11 Oksamytova Str., UA-08130 Petropavlivska Borshchahivka,
Kyiv reg., Ukraine**

mob.: +38 075 122 22 92

e-mail: ac@alda.kyiv.ua

www.alda.kyiv.ua

ALDA Science and Production Company: Industrial Metal 3D Printing. ALDA SPC is a Ukrainian provider of metal 3D printing services specializing in Directed Energy Deposition (DED) technology. We are dedicated to integrating additive manufacturing into industrial workflows as a high-efficiency alternative to traditional casting and forging. Our company specializes in delivering advanced technologies and equipment for the production of complex metal components and preforms for mechanical engineering and related high-tech industries.

Our core expertise lies in Wire-Laser DED, a process that ensures maximum material utilization and enables work with a wide range of metals, including steels, titanium, nickel-based alloys, and copper. This technology allows for the creation of complex geometries—such as internal channels and intricate functional features—that are often impossible to achieve through conventional methods. By leveraging DED, we help our partners reduce structural weight.

SPECTRO-UKRAINE LTD

mob.: +38 050 377 97 57

e-mail: info@siimport.com.ua

www.siimport.com.ua

Comprehensive modernization and efficiency enhancement for machinery enterprises.

Fields of activity: Selection and supply of metalworking machines, cutting tools, and tooling.

Official representative:

Horn — world standard in grooving and parting-off;

Walter Tools — tools for milling and turning;

Anaj — special tools, hobs, gear shaping cutters, fir-tree cutters;

TOS Varnsdorf — horizontal boring and gantry mills;

And others.

STANKOPLAST LTD

118/8 Shukhevych Str., UA-29025 Khmelnytskyi, Ukraine

mob.: +38 096 304 07 14

e-mail: stankoplast@ukr.net

www.stankoplast.com.ua

Stankoplast LLC sells, produces and serves the equipment for plastic processing. In the range of offered equipment are injection molding machines and various kinds of auxiliary equipment for plastic processing: granulators, hopper dryers, autoloaders, chillers and so on. The equipment is supplied from China, Europe and Turkey. Stankoplast LLC is an official representative of such famous brands as BOLE Machinery, Ding Yuan, OPKON, NovaTech etc. on the Ukraine's territory. Spare parts for injection molding machines and auxiliary equipment are also available to order: screws, material cylinders, hydraulic pumps, heaters and heat-exchangers, thermocouples and flowmeters, control systems etc. Among the company's activity there is also a manufacturing of household plastic products. Also, Stankoplast LLC accepts the orders to inject plastic products of a different purpose.

STANKOSERVIS-YUG LTD

2 Kyivske Shosse, UA-65031 Odesa, Ukraine

mob.: +38 097 555 40 00

e-mail: instankoservis@gmail.com

www.instankoservis.ua

InStankoService is a manufacturer company with twenty years of experience. Over the years, we have produced more than two thousand pieces of CNC equipment, which differs in its technical characteristics, size and performance. The high quality and reliability of CNC machines manufactured by InStankoService was appreciated not only in Ukraine, but also in different parts of the world: Moldova, Poland, Israel, Spain, Czech Republic, USA. To date, many manufacturing companies automate their processes using CNC milling and laser machines manufactured by InStankoService. High-quality production of CNC machines, continuous product improvement combined with extensive experience allows the company to remain one of the leaders among Ukrainian manufacturers of CNC equipment for many years.

STARTEC INDUSTRIES LLC

14-D Mykola Rudenko Blvd., of. 610, UA-03194 Kyiv, Ukraine

mob.: +38 050 012 93 83

e-mail: office@startec.biz

www.startec.biz

STARTEC INDUSTRIES LLC — your trusted partner in the manufacture, supply, and servicing of:

- metalworking and forging/pressing equipment;
- power generation equipment;
- electroplating lines for applying metal coatings

STARTEC INDUSTRIES LLC's scope of expertise also includes the production of specialized metalworking machines, such as: specialized welding machines, various automated lines, surfacing machines, and much more.

STARTEC INDUSTRIES LLC is not just a company, but a community of experts united by a common goal: to provide our clients with the best solutions for any production task, even highly non-standard ones.

STATE SCIENTIFIC RESEARCH AND DESIGN INSTITUTE OF BASIC CHEMISTRY, STATE INSTITUTION OF THE NAS OF UKRAINE

e-mail: techostnastka@gmail.com

www.techosnastka.com.ua

By choosing TECHOSNASTKA brand, you give priority to quality, high reliability, and business partnership, accepted by the most demanding manufacturing markets.

TECHOSNASTKA LTD designs and manufactures industrial equipment of any complexity: linear forms for plastic molding, aluminium, zinc, copper alloys, molds for thermosetting plastic and rubber pressing, blanking, bending and cupping dies, etc. We have been working on the industrial market for over 20 years.

We have a balanced team (50 people) of highly qualified specialists with over 25 years' experience in tool production. Manufacturing equipment is produced by powerful range of various general-purpose equipment: lathes, milling machines, jig boring, grinding machines and cutter grinders: CNC machines: milling, turning, EDM, punch and cut-out machines, forging equipment.

OUR PRICES ARE LOWER FOR OUR CONSTANT PARTNERS.

TECHSERVICE WEKO AND PARTNER GMBH (TWEKO), LLC

8 Almatynska Str., of. 207, UA-02090 Kyiv, Ukraine

mob.: +38 093 438 49 89

e-mail: tweko1@gmail.com

www.t-weko.com

LLC «Techservice WEKO and partner GmbH» (TWEKO) is a Ukrainian manufacturer of painting and blasting equipment with experience since 1992. Over 350 industrial projects completed. In-house production and engineering team provide turnkey solutions — from design to commissioning. Projects delivered in Ukraine and Europe.

TECSA LTD

9-A Mykhailo Stelmakh Str., of. 506, UA-08200 Irpin, Kyiv reg., Ukraine

mob.: +38 067 446 90 48

e-mail: info@tecsaukraine.com.ua

www.tecsa.com.ua

Tecsa Ltd. is a supplier of analytical, testing, and sample preparation equipment, standards, consumables, and vacuum conveyor filters. We also provide support and service.

What do we offer?

Solutions for elemental and structural analysis from Bruker AXS (Germany):

- Structural analysis using X-ray diffraction (XRD, X-ray diffractometers);
- Elemental analysis: X-ray fluorescence spectrometers (XRF), optical emission spectrometers (OES), combustion gas analyzers (CGA — analysis of C, S, O, N, H, and diffusible hydrogen);
- 3D X-ray microscopy (XRM);

Bruker AXS equipment is used worldwide in the mining, metallurgy, petrochemical, cement, and engineering industries, as well as in academic institutions.

Sample preparation equipment and consumables: Fluxana, Powteq, Chemplex

Climatic test chambers: Cofomegra, Biuged, C&W

Vacuum conveyor filters: Sefar.

TENPRO INDUSTRIAL HEATERS MANUFACTURING COMPANY

7 Komunalna Str., UA-65490 Teplodar, Ukraine

mob.: +38 098 703 09 21, +38 093 703 09 21, +38 066 889 62 00

e-mail: sale@tenpro.com.ua

www.tenpro.com.ua

TenPro manufacturing company is engaged in the development, production and maintenance of industrial electric heating systems. Full cycle of work: consultations with the selection of the optimal technical solution, necessary approvals, production of a finished heater, including equipment with automation and components. Supply and warranty, after-sales service.

Own production of ring and flat heaters (micanite, ceramics, aluminum, brass), tubular, finger (cartridge heaters), ceramic and quartz IR emitters, dry ceramic heating elements, resistance heating coils, heating panels and heating equipment (drying cabinets, muffle furnaces, melting furnaces, metal hardening furnaces).

TERNOPIL WEST BEARING LTD

mob.: +38 067 382 91 91

e-mail: Office@tzp.com.ua

www.tzp.com.ua

LLC «Ternopil Zakhid Pidshipnyk» is a reliable supplier of bearings and machine parts, which has many years of experience in the Ukrainian market.

The company offers a wide range of metalworking machines:

- CNC lathes
- CNC turning and milling machines
- Machining centers
- Fiber optic lasers
- Metal saws
- Sheet bending machines and rollers
- Manipulators
- Welding machines
- Automatic vertical balancing machines.

We have been cooperating with only one manufacturing plant for many years and are confident in the quality of our products. Our machines are already operating in many cities of Ukraine and you can visit these plants and inspect the machines in person (contact our manager for information). Our machines are equipped with high-quality components manufactured in Germany, Japan and Taiwan. They are simple and reliable in operation. We provide a guarantee and service and replace spare parts within the guarantee throughout Ukraine.

TOOLPRESS LLC

5 Post-Volynska Str., UA-03061 Kyiv, Ukraine

mob.: +38 067 404 69 60

e-mail: sales@toolpress.com.ua

www.toolpress.com.ua

Development of technologies and supply of sheet metal processing equipment from PRIMA POWER (Italy, Finland):

- punch presses;
- laser cutting machines;
- panel bending and pressbrakes;
- automated sheet metal processing complexes.

Tools for all types of punch presses — WILSON TOOL (Great Britain, USA)

Tools for sheet bending presses — UKB (Germany), TP Tooling (Italy).

Machines for regrinding parts — TIMESAVER (Netherlands)

Compact electromechanical pressbrakes — CoastOne (Finland)

Punching tool grinding machines — NIBBLER (Sweden)

Blades for guillotine shears — SMM (Germany).

We perform service, modernization and repair of machines.

TOPO POWDER COATING CO. LTD, LLC

**4 Rivnenska Str., UA-45603 Strumivka vill., Lutsk dist.,
Volyn reg., Ukraine**

mob.: +38 096 689 74 85, 097 756 25 97

e-mail: Chris@topopowdercoating.com

www.topo.ua

TOPO Powder Coatings was founded in Ukraine in 2016. The brand is based in the European market and combines rich experience with advanced technology, adapted to local standards. Our factories in China, the United States and Ukraine supply coatings to 68 countries around the world.

We offer polyester coatings, epoxy-polyester coatings, zinc-rich powders, etc. and professional coatings for many industries, including construction, architectural design, industry and furniture manufacturing.

TRIADA-WELDING LLC

ВСЕУКРАЇНСЬКИЙ ФОРУМ Лідери змін - 2026

ФОРМУЄМО КУЛЬТУРУ БЕЗПЕКИ ЧЕРЕЗ
ВІДПОВІДАЛЬНЕ ЛІДЕРСТВО

18.12
Київ

Worksafe.UA

Мета премії «Лідери змін»

Відзначити осіб, команди та організації, які здійснили вагомий внесок у розвиток культури безпеки праці, охорони здоров'я та добробуту працівників в Україні у 2026 році.

Премія покликана стимулювати інновації, лідерство та сталий розвиток у сфері безпеки та здоров'я на робочому місці.

Програма форуму:

- **Закон 10147:** нові підходи у сфері безпеки праці
- **Інновації на практиці.** Досвід тих, в кого вже запрацювало
- **Ментальне здоров'я** — ключ до свідомої оцінки ризику
- **Інклюзивний простір на робочих місцях** — зазираємо у майбутнє
- **Кейси переможців** номінацій

Метрологія для підприємства

спеціалізований електронний журнал для фахівців
вимірювальних підрозділів та лабораторій
на підприємствах

Щономера у фокусі:

- ✓ Зміни, доповнення, колізії метрологічного законодавства, перевірки Держпродспоживслужбою
- ✓ Повірка/калібрування/метрологічне підтвердження ЗВТ: що, коли, навіщо
- ✓ Підтвердження компетентності лабораторій: вимоги, зацікавлені сторони та «підводні камені»
- ✓ Формування системи забезпечення єдності вимірювань на вітчизняних підприємствах
- ✓ Вимоги до допоміжного обладнання підприємства: перевірка та супровідна документація
- ✓ ДСТУ EN ISO/IEC 17025:2019: «настільна книга» для акредитованих і неакредитованих лабораторій
- ✓ Розбір виробничих ситуацій у форматі «запитання – відповідь», аналіз міжнародних практик

Отримайте демодоступ і скористайтесь усіма перевагами е-журналу:
mp.techmedia.com.ua

Передплатники видання отримують:

- ✓ Digital-версію журналу
- ✓ Зразки документації у зручному для редагування форматі
- ✓ Архів журналу з 2019 року
- ✓ Доступ до актуальної нормативно-правової бази та стандартів у сфері метрології

Як оформити передплату:

- » в інтернет-магазині: techmedia.com.ua
- » за номером телефону: **0 800 215 522**
- » за передплатними індексами: **60724, 76972**
- » напишіть нам у месенджер
