Portal «Leader of Ukraine» / Database of agrarians of Ukraine www.idcompass.com — effective marketing communication between agrarians and companies of various fields. This is evidenced by our age — more than 25 years of successful work!
In Google, we are in the top three when searching for «Agricultural Database» etc. Each region has a representative who, for a month, works out one district of his oblast with «live» trips to the countryside. We fruitfully cooperate with territorial communities, information about which can be found at the end of each district.
All this shows that we take our business seriously, value our reputation and are reliable partners!
See «Demo version» on the portal.

Expertus Okhorona Pratsi (Expertus Occupational Safety) is one of the directions of the Ukrainian digital publishing house Expertus. We create specialized digital products and publications for occupational safety professionals. We combine legislation and practice, the expertise of Ukrainian specialists, and global technologies.

- The «Occupational Safety Specialist's Guide» magazine delivers clear, practical answers to complex questions — in a language that's easy to understand.
- The Expertus Occupational Safety system gives you access to a comprehensive database of high-quality professional content. We collaborate with certified specialists, auditors, State Labor Service representatives, lawyers, and attorneys to deliver only verified and practical solutions.
- An important part of our work is the Higher School of Occupational Safety, which offers three specialized programs:
- Professional Certification of Occupational Safety Specialists — 2025
- Fire Safety in the Workplace
- Enterprise Civil Protection System — 2025

These programs empower professionals to reach the highest standards, streamline preparation for State Emergency Service inspections, implement fire safety protocols, and develop all required documentation.

Our experts from all over Ukraine are always by your side — whenever you need accurate, practical solutions.
